WIFE SLAYER TO FACE TRIAL IN ITALY

WIFE BY MAIL BRINGS JOY TO LONELY WIDOWER

Courtship Carried on By Letter
Ends in Marriage When
Bride Arrives.

COMES FROM ENGLAND
TO MEET SWEETHEART

Couple Meet for the First Time
Few Minutes Before the
Wedding.

Cost of Importing One English Bride

Cost of importing one English bride to California shores:	
Ocean fare ticket Liverpool to New York	\$45
Train fare New York to Oakland	70
Californian expressing money as Californian expressing money as to time of arrival	10
Marriage license obtained after hours	10
Minister's fee	5
Cupid's total	\$85

After an engagement of five years, during which they never met, their mutual admiration growing out of correspondence exchanged at the time of the death of the first wife, who was the present bride's sister, a strange romance reached its culmination in this city Saturday, June 18, when Charles S. Burling, mechanic and inventor of Berkeley, and Mrs. Elizabeth Blackburn of "Yorkshire, England, were married in the office of the county clerk here after that dignitary had closed shop for the day.

MEET FOR FIRST TIME.

Until they met at the Sixteenth street depot here shortly after 8 o'clock on their wedding eve, Burling and Mrs. Blackburn had never seen each other. The inventor was in possession of a picture forwarded in the early days of the engagement, which was arranged through mail, and as the lady stepped from the train bearing an unmistakable portmanteau in place of the regulation American suitcase, he recognized her at once.

WEDDING BRINGS JOY.

That was a week ago, and today, at their apartments at 2124 Twelfth street, Berkeley, the experimenters declared themselves contented as two turtle doves.

Attempt to Bribe Senator Disclosed

Gore Startles Senate with Claim
That \$50,000 Had Been
Offered Him.

WASHINGTON, June 24.—Senator Gore startled the senate today by announcing he had in effect been offered a bribe of \$50,000 to withdraw his opposition to recognition of the so-called McTearney contracts for the sale of Indian lands in Oklahoma.

The senator went further and added to his declaration the statement that a member of the House likewise had been approached. This happened May 1 last, two days after he had introduced a resolution prohibiting the approval of the contract.

"On May 6," he said, "a representative of Mr. Murray came to see me. He was a man who resided in my home town, a man who had been a friend in time of need. He came to my office and assured me that it would be in my interest if I would call on the senator from Colorado and advise him not to reject the resolution. There was a suggestion that \$25,000 or \$50,000 would be available if the contract were not prohibited. And I am informed that a similar proposition was made yesterday to a member of the House."

Attell-Moran Fight
May Be Prevented

SACRAMENTO, June 24.—Where Governor Gillett was questioned as to what was to be done concerning the Attell-Moran fight to be held in Los Angeles tonight, he said that Deputy Attorney General John D. Fredericks is in Sacramento to stop all prize fights.

BIDS ADIEU TO WIFE AND GOES TO DEATH

Man Is Accidentally Killed by
Train Few Minutes After
Leaving Home.

SEARCH FOR WORK HAS
TRAGIC TERMINATION

Woman Collapses When News
of Husband's Sudden End
Is Announced.

Within twenty minutes after leaving his wife with a word of cheer, while he was in search of work, Frank Baresko was lying dead beside the railroad tracks in the West Oakland yards.

Baresko was killed while walking along the tracks of the Southern Pacific used by the Alameda-Hawesbrook line trains.

When crossing the foot of Kirkham street on his way to the freight yards headquarters, where he hoped to get work, Baresko's attention and that of his brother, who was with him, was attracted to the crew of a switch engine engaged at work nearby. While looking at the switchmen the two stepped on the track in front of the Alameda local, which was approaching from their rear.

FAILED TO HEED CRIES.

So deeply engrossed were the two men in watching the switch crew that they paid no attention to the cries of warning that the latter raised as soon as the danger was seen.

The engine pilot struck Frank Baresko and barely missed his brother who walked by his side and not two feet from him. The latter was not injured.

It was found by the men who ran to his assistance that Baresko's skull had been crushed, one arm broken and several ribs crushed.

MAN'S WIFE COLLAPSES.

"The wife was overcome by the sudden news of the death of her husband, who had left full of life and hope so short a time before. She at first refused to believe it true. Dreading and striving to have some evidence of the men who came to bear the tidings, she wildly declared it must be a mistake and that some other man had been killed who had been mistaken for her husband.

When conviction came she collapsed with grief.

The coroner's office took charge of the body and it was conveyed to the Oakland morgue, where the inquest will be held.

PLANNED OAKLAND HOME.

Baresko, with his wife and two brothers, came from New York two weeks ago. The men are laborers and are natives of Austria. They have lived in this country for several years and are men of more than the average intelligence for their class. They hoped to get work in Oakland and establish a home here. It was the plan when they left New York.

The family took up a residence at the corner of Ninth and Willow streets and as soon as the little place was arranged the husband went out on his search for work.

Baresko was 33 years of age.

General Fred Funston Suffers Heart Attack

Is Dangerously Ill in Leavenworth, Kansas, and Physicians
Attend Constantly.

LEAVENWORTH, Kas., June 24.—General Frederick Funston, commander of the army service schools here, is dangerously ill with an attack of heart disease in his home here.

General Funston's condition is such that army surgeons and the best trained nurses in the hospital are in constant attendance upon him.

Mrs. Funston, who is at the Funston summer home at Oakland, Cal., has been informed of the general's condition.

General Funston is suffering from angina pectoris.

It was learned today that he had been subject to slight heart trouble for some time and it is believed the heat of the last week brought on the present attack.

Miss Louise Hammond
To Contest for Title

New York Girl to Play Miss Hotchkiss for Tennis Championship.

PHILADELPHIA, June 24.—Miss Louise Hammond of New York this afternoon defeated Miss Browning of New York in the final round of the women's national lawn tennis championship, 6-2, 6-4. This leaves Miss Hammond the right to play Miss Hazel Hotchkiss of Berkeley, California, the title holder, for the championship tomorrow.

POSTAGE STAMP ROMANCE BRIDE IS WON BY LETTER

CHARLES S. BURLING and his mail order bride, who came all the way from England to wed man she had never seen.

EXPLODING GAS WRECK'S THREE OAKLAND FLATS

Plumber Sets Fire to Place; He Is Badly Injured

Imperiling the lives of a score of persons and threatening the destruction of a large flat building at 1453-55-57 Broadway, a gas explosion occurred shortly after 2 o'clock this noon when a plumber in the employ of A. T. Smith, who had been sent to investigate the cause of a leakage in the pipes, accidentally ignited the gas which had filled the room and all of the flats.

In spite of the great damage done there were no lives lost, although several who were in the rear of the flat at 1455 were badly bruised and suffered from slight asphyxiation.

Mr. Nathanson, who lives at 1457, states that for some time he has noticed an odor of gas on the premises and that he had notified the company of the fact.

"Today a plumber arrived to investigate the cause and whether or not he

(Continued on Page 5)

Jose Hidalgo Held for Action of Grand Jury

SAN FRANCISCO, June 24.—Jose Hidalgo, professor of Spanish in the University of California, almsch authority and club man, who has been accused of engaging in the white slave industry by Mrs. George B. Elliff, known as Grace Carter, will not be charged at present by the police, but will in all probability be indicted by the grand jury. Mrs. Elliff's detectives, who have been engaged on the case and the newspaper man whose evidence brought about the arrest of Hidalgo, will appear before the grand jury this afternoon and give their testimony.

CAUGHT PLOTTING.

Hidalgo was arrested shortly before 6 o'clock yesterday morning as he sat plotting with Grace Carter, who trapped the scholarly moral nevert into daring admissions while Detectives Wren and Boyle hid in an adjoining bathroom, watching the disgusting scene through peepholes in the door which had been arranged beforehand. The entire conversation of the pair was taken down in shorthand and Hidalgo's absolute denial of guilt assumes little importance in view of the damning transcript.

Among the victims of Hidalgo, according to the stories told by himself and Grace Carter, who admits that she is neither more nor less than a drifter of the night, is Juan Posadas, on of Zenon Posadas, coffee king of Guatemala and student at the University of California. Young Posadas, under the guidance of the instructor who is assistant professor of Spanish at the state institution, holding a similar post at St. Ignace College, San Francisco, was led, it is said, to meet Grace Carter and after the rounds of the cafes which followed, gave her \$15. Hidalgo, it is alleged, had previously stipulated with the woman that he receive half the spoils and an agreement that he lure other victims from among the young men of the university to her net, was made.

When caught red handed by the police, Hidalgo locked in the room at the Hotel

I. H. Clay to Run Against Dalton for County Assessor

It is rumored on the street today that I. Harrison Clay, ex-president of the Chamber of Commerce, will be a candidate for the Republican nomination for County Assessor against Henry P. Dalton, the incumbent.

\$107,854 GIVEN BISHOP, WITH SIX MONTHS' VACATION

Right. Rev. Mr. Nichols Over-
come by Generous Gift
of Laity.

PRESENTATION IS MADE
AT ANNIVERSARY SERVICE

Divine Completely Surprised by
Action; High Tributes
Paid Him.

SAN FRANCISCO, June 24.—The Right Rev. William Ford Nichols, D. D., Bishop of California, celebrated the twentieth anniversary of his consecration to the episcopate in Grace pro-cathedral in this city at 10 o'clock this morning, and was presented with a most unique and appropriate testimonial from the clergy and laity of the State of California, and many of her most prominent citizens of other religions who joined in a monster testimonial to the worth of the bishop, both as a priest and as one of the foremost citizens of the west.

Following the beautiful and solemn service of the holy communion, during which the bishop was assisted by his son, the Rev. John Nichols, a presentation of \$107,854 was made, the money having been raised in an original manner, and intended for the paying off of the mortgage on the Episcopal residence, the lifting of the burden of debt from two missions, and an orphanage, and the increasing of the endowment fund of the diocese.

GREATEST IN HISTORY.

Never in the history of the church on this coast has a more remarkable and altogether worthy testimonial been presented to a clergyman, and just as the hearts of those who spoke their words of congratulations were touched by the sacred solemnity of the occasion, so were the words of the bishop almost choked, when, with the usual light in his eye, and with his countenance aglow with the pleasure and joy which he could not help but feel, he made response fittingly and thanked his brethren and friends.

By permission of the standing committee and at the earnest request of the diocese he is to take a six months' vacation and a trip around the world with his wife and daughter Margaret, using a portion of the money subscribed, but which, as William H. Crocker aptly said, "is only what you've spent for something that the church should pay for that purpose."

It was on the festival of the Nativity of St. John the Baptist, June 24, 1890, that Bishop Nichols was consecrated, and assigned to the diocese of California. A recently a committee of fifteen was appointed at the regular convention of the diocese to arrange for today's celebration.

BISHOP THE CELEBRANT.

The celebrant at the Holy Communion was the bishop, assisted by the Rev. J. D. Keefe, epistoler, the Very Rev. J. Wilmer Gresham, gospeller, and the Rev. William M. Bourne, deacon; the bishop's own son, the Rev. John Nichols, assisting him in serving. The vested male choir, under the direction of William Henry Holm, rendered the music, and only the family of the bishop and about forty of the clergy participated in the sacrament. As Grace pro-cathedral is a small structure, only the clergy and their wives, and the close personal friends of the bishop, and the several lay officers of the diocese were present.

Following the impressive service, the bishop's chair was carried from the altar to the foot of the channel, and the first address was made by Archbishop John Emery, who handed the bishop a book containing the names of all the contributors to the monster fund, his friends outside the church, all the clergy of the diocese, Father Crowley of the Young Men's Directory, the Rev. Doctor Dille of the Congregational Church, and the Rev. George Adams and many others.

ARCHDEACON'S ADDRESS.

In making his address, the archdeacon said in part:

"I think everyone gathered here today has some conception of what it means to celebrate the feast of St. John the Baptist, after rounding out twenty years of service as a Bishop in the church of God. But I doubt whether all realize what a eucharistic feast to this year, Reverend Father in God, to your clergy and people. How we thank God for sending you to be our bishop, how our hearts are touched, and how we rejoice with you in this celebration, and hope that you will long be here with us and remain in charge of our diocese."

PRaises BISHOP'S WORK.

Continuing the archdeacon called attention to the past great work of the bishop, the organization of the Armistice Orphanage, the Church Divinity School, the division of the diocese, setting aside Los Angeles; the successful mission of the bishop to the Hawaiian Islands, and the organization of the diocese of the Hawaiian Islands, and last, his steadfast faith at the time of the earthquake and fire, and his being chosen as a member of the committee of fifty. He spoke of the gift by William H. Crocker and his family of the square block on which is to be built the million dollar cathedral, and the prospect of a new St. Luke's hospital and a new Divinity school.

"Can you wonder, then, that your

FATHER OF CHARLTON SEEKS TO PROVE HIM INSANE; 3 ALIENISTS VISIT HIM IN PRISON

Prisoner Arraigned in Hoboken Court Today
and Is Remanded to the
County Jail

Captain Scott, the Murdered Woman's Brother,
Seeks to Have the Uxoricide
Punished

Charlton in Jail Insists on Baths and Luxury;
His Defense Will Probably
Be Insanity

COMO, June 24.—Procurator Guglia today signed an affidavit charging Porter Charlton with the murder of his wife, Mary Scott Castle-Charlton, at the villa Legazzini, Moltrasio. The affidavit will be signed by the local judge and sent to the foreign office, which in turn will demand the extradition of the accused. It is believed here that Charlton will be extradited.

ROME, June 24.—While the judicial authorities say the Italian government will demand the extradition of Porter Charlton, the sentiment of the government inclines to the plan of asking Washington to have the prisoner tried in the United States.

NEW YORK, June 24.—Extradition of Porter Charlton to Italy to be tried for killing his wife, formerly Mary Scott Castle, will be resisted on the ground the youth is mentally unsound. On the other hand, the brother of the dead woman, Captain Henry Harrison Scott of the Coast Artillery, will do everything in his power to secure young Charlton's extradition and his punishment in Italy for the crime which was a world-wide mystery until Charlton was arrested yesterday and confessed to the murder of his bride in their villa on Lake Como.

It is indicated that the case of the youth held in Hoboken will be hurried into the hands of the Italian authorities.

Is Arraigned in Hoboken Court

Charlton's counsel appeared in his stead at the arraignment before Recorder McGovern in Hoboken and secured an adjournment of the hearing until next Tuesday. The youthful prisoner was ordered committed meantime to the Hudson county jail in Jersey City, while officialdom and eminent legal minds struggled with the problems presented by difference between Italian and American laws bearing on the case and the points of the Federal jurisdictions which remained to be considered.

FATHER OF PORTER CHARLTON HAS THREE ALIENISTS EXAMINE HIM IN PRISON

NEW YORK, June 24.—More than two hours this afternoon Judge Charlton, the prisoner's father, and Porter's half-brother, Clarence, were in conference in Sheriff Kelly's, with three physicians. It was assumed that plans for perfecting the insanity defense for the young prisoner were being perfected.

Charlton after eating his first meal in the county jail in Jersey City, a repast of codfish, potatoes and bread, settled down to read for awhile. He had "The Last Days of Pompeii" in his cell and he dipped into the romance from time to time in the hot hours of the afternoon.

When the conference was over it developed that Charlton had been subjected to a searching examination by the alienists. He will be subjected to another examination tomorrow.

One of the physicians was recognized as Dr. Allan McLane Hamilton, who testified in the Thaw and other murder trials.

Armed Steamer Sails With War Munitions

Estrada Asks the Government to
Stop Vessel Carrying Sup-
plies to Madrid.

WASHINGTON, June 4.—It was reported here today that a large, armed vessel, carrying millions of war for the Madrid government in Nicaragua, sailed from New Orleans yesterday and that the Estrada insurent representatives have appealed to the United States to send a warship after her.

FEMININE SAVANT MAKES PLEA FOR PERSONALITY

Lectures to Co-eds on the Best
Methods of Developing the
Super-Woman.

FAIR LECTURER PREACHES
OPTIMISTIC THEORIES

Health and Wholesome Ego-
tism Basis of Success, Says
Pretty Speaker.

BREKELBY, June 24.—Not gloomy with Nietzschean bitterness nor moaning with Shawian pomp, but smiling in frank optimism, is the present aspect of the super-woman as presented by Margaret C. Schallenberger, Ph.D., at the summer session of the University of California. Miss Schallenberger, who is principal of the training school, St. Rose Normal, is giving two courses for co-eds, one of which she has devoted to the control of child conduct and the other points out the way to attain that state of power and authority desired by us all, but possessed only by the Beyond-Man.

DEVELOP PERSONALITY.
Smiling and radiant with health, she addressed her class yesterday and laid down the law for those who seek to attain a strong personality—the first requisite for power. There is no morose severity in her regime, no self-denial, but a wholesome egotism that places the development of the individual first of all. "Health is the first factor in success," she said. "To say that there is no ill-health is selfish and denotes a lack of sympathy for one's fellows. Disease is real and gloom is one of its symptoms. The moment you are below par physically you begin to feel a lowering of spirits, a depression that extends like a cloud about you and envelops all who come in contact with you."

INFLUENCED BY POTTERS.
"People are deeply influenced by the attitudes and conduct of others. Ill-health is not a virtue, that you should extol it, even when it has been brought about by overwork. Throw off your depression, and arouse an enthusiasm that grows and expands, thrilling others with its energy. Try to infuse into the dull lines of other people some of your own bounding spirits and you will find that the effort to assist them has given you additional strength and power of personality."

AID TO SUCCESS.
"Personality is the greatest factor in history and has filled the archives of the world with great names. Every man is the master of his own success if he looks at it in the right way. The person who reaches along, expresses defeat in his very gait. A straight back, a clear eye and a ready smile will carry one far toward success. A well-poised, graceful person, by his mere physical attractiveness, exerts a force that a dumpy, listless person cannot exert. Persons whose attitude is unconsciously graceful, unconsciously go forward to the front rank of achievement."

HEALTH MORE THAN BOOKS.
"Better throw all books and papers into the waste basket and let the brain rest than to pore over them and remain exhausted with headaches and irritability. Health and a vibrant personality are the first things to be considered. No matter what you seek there will be a joy in the accomplishment of it and the result of a success will be an added force to further success, an inspiring force to dominate and supersede others."

Cashier for Steamer Line Held for Theft

Hans Kleinlein Jailed On Charge
of Embezzling Funds of
Company.

SAN FRANCISCO, June 24.—A warrant was issued here today for the arrest of Hans Kleinlein, local cashier for the Hamburg-American line, on a charge of being \$1180 short in his accounts. Kleinlein is spending his vacation in New York and according to the local manager of the steamship company he confessed yesterday in New York to the shortage. Kleinlein, who has a family, lives in Oakland.

The Henry Kleinlein Grocery Company of 2210 Piedmont avenue was formerly owned and conducted by H. Kleinlein, though he at the same time kept his position with the steamship company. Inquiry at the Piedmont-avenue store today brought the information from Mrs. H. Wellenhaus, in charge of the place, that Kleinlein had sold out his interest in the place several months ago and is now living in San Francisco.

GRAND JURY WILL PROBE CHARGES AGAINST HIDALGO

Woman Accusing Him Will Appear as
Witness, Together With Detectives and
Newspapermen

(Continued from Page 1)

N. Varre, was discussing ways and means of starting a questionable house in Napa. Interspersing the conversation with boasts of conquests among the girls of the University of California, Hidalgo is said by the police to have referred to almost unbelievably depraved escapades and discussion of drugging young victims was unveiled.

Hidalgo joined the faculty of the university about a year ago and was recognized as a man of great attainments and learning. He was particularly interested in aviation and it was on account of this that he was brought into contact with Posadas, the latter also being a keen enthusiast along this line.

"About three or four weeks ago," said Posadas, "he invited me to visit a girl friend of his. Prior to this time he had often boasted to me of his conquests among the girls at the University of California, most of whom, he said, were very young. On another occasion he, knowing that I was interested in chemistry, asked me to let him have a drug which would render a person unconscious, explaining at the time that there was a girl visiting his offices in the Westbank building on whom he had designs."

MET TWO GIRLS.

"When he invited me to see his girl friend I foolishly accepted and he took me to the Hotel Cecil, where I was introduced to a woman named Marie Miller. I gave her \$15. Last Saturday Hidalgo came to me again and invited me to meet another girl friend of his that night. Again I accepted. On this occasion I met Grace Carter. The strangest part of the affair was that she was not the person whom it was intended to meet, but the other party falling to keep the appointment, Hidalgo found Grace Carter waiting the streets, became acquainted with her and asked her to be a substitute.

"When Grace Carter and I reached the Hotel Navarre, Hidalgo left us, but waited outside in the corridor. After he had given the girl told me of her meeting with Hidalgo and said that he had proposed to her that he should bring students to her, and that she should give him a third of the money she received.

"He is waiting for his share now," she said.

"Let him wait," I replied. He waited.

MRS. GEO. B. ELLIFRITZ,
who accuses Jose Hidalgo of
being a white slaver. Lower
picture is of Jose Hidalgo.

until 1 o'clock in the morning and then slipped a note in through the door, saying he would call again at 2 o'clock the following afternoon.

TALKED OF NAPA PLANS.

The woman also told me that Hidalgo was planning to start a resort at Napa, which she was to manage and to which the college students, particularly the sons of South American families, were to be enticed. When I saw Hidalgo again, which was the next day, I asked him about what the woman had told me regarding the house at Napa, and he said he was fooling her with promises to keep her contented and happy.

"The woman's story fits in with that told by Posadas," she declared, "she was waiting the streets Saturday when Hidalgo struck up an acquaintance and proposed that she meet a college boy, demanding at the same time one-third of the money gained as his commission. She readily assented to the proposition. The youth was brought to her, it is alleged, given a quantity of absinthe to drink and later Hidalgo accompanying them.

"The next night," she says, "Hidalgo took me the rounds of the cafes again in the hope of finding some other man. We finally saw a lady and she was sitting at a nearby table and the professor left me. I approached the man. I must have been drinking because in the course of our conversation I told him everything and he reported the matter to the police."

The District Attorney was also apprised of the affair and Wednesday night detectives were detailed to approach the woman, who consented to the betrayal of Hidalgo.

HIDALGO IS TRAPPED.

She telephoned the Spanish instructor to meet her Wednesday night at the room of the Hotel Navarre, according to instructions from the sleuths, saying that she had a mining man who was willing to finance the proposition of the house in Napa. Pending his arrival the detectives took up their position in the bathroom.

"Then, bit by bit, the woman drew Hidalgo out. The conversation dwelt with the Napa house, with Posadas and with University girls who, he is said to have asserted, he had betrayed. Every word was taken down in shorthand and according to these notes Hidalgo showed extreme irritation because the Carter woman had failed to give him a commission of Posadas. Following are portions of the conversations reported:

VERBATIM CONVERSATION.

Grace Carter—How much would it take to start an assignment house?
Hidalgo—Where?
Grace Carter—Here, in San Francisco?
Hidalgo—About \$2000 at least.
Grace Carter—I've heard of a chance in Napa. Pending his arrival the detectives for \$35 a month and get a license for \$30. So we could start on easy capital. Would you like that?
Hidalgo—Certainly.
Grace Carter—Well, make a square proposition. How shall we run it?
Hidalgo—The way to do business is half and half. You take half and I take half.
Grace Carter—How about getting the women for the place?
Hidalgo—Oh, get some you can manage—two young chickens and one good old crow. Do not get them under 18. You have to look out; but get young fools.
Grace Carter (laughing)—Like the one you gave absinthe on your couch the other day?
Hidalgo—Yes; certainly.
Grace Carter—How old was she?
Hidalgo—Oh, 20, I guess.

BIG BATTLE NIT FOR BLUECOATS

Mayor Mott Turns Down the
Appeal of Police for July
Fourth Vacation.

"To the Honorable Board of Police and Fire Commissioners,
Gentlemen: I desire to leave the State of California to visit the beautiful sister State of Nevada. I desire that my leave of absence should extend over the 4th and 5th July. Hoping that this petition may be granted, I remain,
Respectfully,
J. F. FORREST."

In response to this communication and a similar one from C. A. Hanley, another policeman of the local force, Mayor Mott suggested a severe reprimand.

"Want to go to the fight, do they?" commented the mayor.

"They should be reprimanded. I move that the petition be denied."

The petitions were presented by Superintendent of Police Will on at the meeting of the Police and Fire Commissioners this morning and were both peremptorily denied by the vote of the commissioners.

"That the entire force of police will be on hand July 4 and 5, except by Inspector Lynch today. Those away on vacation will return a day or two before July 4 and the new detail to be given their annual holiday will not be allowed to leave until after July 5."

The following police on probation were advanced to regular standing by the commission this morning: E. Curran, A. E. Stebbins, M. J. Schmidt, G. N. Green, C. C. Pleasant, J. E. Forrest and J. E. McCumber.

Jackson Silvey, Jr., of Grand avenue, Elmhurst, was appointed special officer on the recommendation of Superintendent of Police Will on this morning.

NEGRO IS HELD IN CUTTING SCRAP

Pullman Porter Is Bound Over
to the Superior
Court.

On the testimony of a 6-year-old girl, Grand Jurors, a negro Pullman porter, was held to answer in Judge Samuel's court this morning on a charge of assault with a deadly weapon.

In a drunken brawl in W. St. Oakland, a negro, who was named Willie Fox, another negro, cutting him about the body and head. The fight took place June 17.

Both negroes are men of more than six feet in height. Fox is 5 feet 3 inches. The fight lasted for about thirty minutes, and both were severely, though not seriously, wounded as a result of the fray.

Lorimer Bribery Case Goes to Jury Today

Arguments Will Be Concluded
This Afternoon and Browne
Will Soon Know Fate.

CHICAGO, June 24.—The fate of Leo O'Neill Browne, charged with bribing Representative Chas. A. White to cast his vote for Wm. Lorimer for United States Senator, will be in the hands of the jury today.

Attorney W. S. Forest concluded the argument for the defense yesterday and States Attorney Wayman began the closing statement for the prosecution today. He expected to finish this afternoon.

The case went to the jury this afternoon. Judge McCuskey consumed the greater part of an hour in reading his instructions.

JULY 4 ORDINANCE HANGS IN BALANCE

Mayor Mott Takes New Law
Under Consideration for
a While.

The ordinance calling for a "sane 4th," which was why Councilman Everhardt was dragged from his downy couch in pajamas and slippers last Monday night, that the council vote might not be a tie, was passed by the city clerk to Mayor Mott this afternoon for his signature. At the council meeting Monday night it was declared by those opposing the ordinance that it would be vetoed by the Mayor.

Mayor Mott today refused to discuss the ordinance, stating that he had not yet given it his consideration. He stated that in all probability he would take up the matter tomorrow, and might then decide whether he would make it law with his signature or not.

The ordinance has been the occasion of bitter opposition on the part of a number of business men and a large number of inquiries have been made at the City Hall today from those eager to begin the sale of fireworks for the 4th. The ordinance is favored by the Playground Commission and by a number of improvement clubs and other organizations. It passed the council by but one vote. Councilman Everhardt voting in its favor after making an address on the right of the small boy to burn his fingers.

The Mayor must give the document his signature in ten days to make it law, and provided he signed July 4, the ordinance would become effective. He could delay signing until that date, however, as a result of which it would not become effective so far as the Independence Day of this year is concerned. There is considerable speculation as to what action the Mayor will take.

EXPLODING GAS WRECKS A FLAT

Plumber Sets Fire to a Place;
Is Seriously Injured
and Burned

(Continued from Page 1)

Hazel, she had been in the kitchen preparing the noonday meal when the explosion occurred.

"I had sent her to tell the plumber that there was evidently a leak in our rooms. I turned about and was about to enter my bedroom door when the explosion knocked me from my feet. There was a deafening roar and the place at once filled with smoke. Being almost unconscious, I crawled on my hands and knees into the front room, where I regained my breath. I at once thought of my little girl, and gathering a few clothes I rushed out and found her lying on the floor near the kitchen door.

NO FIRE STARTS.
"Picking her up we made our way to the front porch, where by that time a large crowd had gathered. There were no flames, much to my surprise, except in the first few feet of the explosion. The whole building was not at once enveloped in a miracle."

In each of the flats the plaster was stripped from the walls and ceiling, where in a flash a sort of mine had exploded. Other furnishings were jumbled together in heaps. A fine dust settled all over everything and kitchen utensils were scattered about the floor.

The flat building is one of two stories situated well back from the street, three of the apartments being unoccupied. Coming at the noon hour as it did, the explosion threatened the families, most of whom were at home. Following the explosion the man who had been sent to work upon the pipes could not be found.

It was stated by J. Nathanson that he had been injured, leaving the vicinity immediately. The man in which doors were taken off their hinges and the notes pierced here and there throughout the various rooms indicated a powerful force having been at work.

GAS LONG DETECTED.
For some time past the inmates had noticed the odor of gas, but could not detect the source from which it emanated.

"I have been fearful of an explosion for several days," said Mrs. Cundell, "and when I heard that the plumber had arrived I sent my little girl to tell him of the leak in our rooms, for I was about to light the gas stove to heat some water. Before she was able to reach him the explosion occurred."

In the rooms above there was no one living, but the floors and walls were considerably damaged. In all the damage will amount to nearly \$1500.

A number of officers on two special trains from Plymouth, where their squadron, consisting of the Iowa and Indiana, anchored yesterday. The midshipmen will be in the metropolis 48 hours and having no set program will follow their own devices. The naval aggregation attracted much attention.

The New City Hall Design.

The plans for the new city hall drawn by an eastern firm of architects have been accepted. When the conditions of the competition were first made public THE TRIBUNE hazarded the prediction that such would be the outcome. That Mr. John Galen Howard, who devised the conditions of the contest and selected the competitors, should express unqualified approval and admiration of the plans is quite natural under the circumstances.

Nevertheless, the exterior line of the building planned by the New York firm are very attractive to the eye of a layman. They outline an edifice both beautiful and imposing, and if the interior arrangement meets the requirements of utility and convenience, and conform in dignity and elegance with the exterior design, Oakland is destined to have a city hall at once splendid and unique, one that will adorn the city and be a commanding expression of its progressive public spirit. Simplicity and grace are the distinguishing marks of a structure monumental in type that will admirably fit into the surroundings.

While we are still of the opinion that the terms of the competition were distinctly unfair to local architects, the design accepted is none the less commendable. It would be unfair not to give fair credit to a conception so pleasing and so well adapted to the site conditions, and in such harmony with the nobler traditions of architectural art. While the building is essentially modern in form and arrangement, the treatment is classic and free from the tawdry and meretricious ornamentation which has marred so many American public edifices; there are no jarring blends of style. If the material used in construction harmonize with the design, the new hall will be worth its cost and command the pride of the citizens of Oakland.

It is gratifying that one of the secondary prizes should have been awarded to a firm of local architects. There is no lack of local talent as this secondary award proves, and the only criticism that can reasonably be offered is that the competition was apparently devised to give eastern architects the preference and an advantage. However, we can afford to let that pass in view of the excellence of the design secured. That after all is the chief thing to be considered, and on that score the Board of Public Works is to be congratulated.

Count Zeppelin's remarkable voyage in his dirigible balloon, the Deutschesland, is likely to throw the British into another panic. But building more battleships will not counteract the German development of aerial navigation. Britain must defend herself in the air as well as on the sea.

A Good Word for Reno.

The Reno Gazette resorts with considerable asperity to the aspersions cast upon Nevada by the sporting writers who are venturing on the Sagebrush State much ill-humor because they are compelled to go there to report the Jeffries-Johnson fight. The statement that "Reno is situated in an arid plain" is especially displeasing to our Nevada contemporary. "There is plenty to drink here," says the Gazette indignantly. There is, indeed, and plenty of places where drinks can be procured. Reno has some fifty saloons and there is some water in the Truckee. True the waters of the Truckee are used mainly for irrigation and occasionally for a bath, but it is there all the same and if anybody wants to drink it he can help himself. Nobody but the bartender will take offense at the breach of local custom. At any rate it is a slander to intimate that Reno is lacking in adequate thirst-quenching facilities. Nor is it destitute of amusements and business enterprise. Pin pool flourishes like a green bay tree, and faro-banking is at once a legalized sport and a safe business pursuit for the bankers. It is a calamity to allege that such sports are games of chance. There is much skill and very little chance in the way they are played. There are hayfields in the vicinity where the sports who go broke betting on the fight can earn a return stake if they prefer work to walking, also a church or two in which they may confess and repent their sins should they call the turn the wrong way, or get in wrong on the fight. No, Reno is not the dreary waste that it has been pictured. Far from it. Nor does it lack accommodations for the stranger. The town is fully equipped to take a party and everybody in that comes along. It offers freedom to the unhappily married and mining stocks at cut rates to all seeking short cuts to affluence. Those who say there is nothing green about the place are very ignorant persons. Every faro table is covered with green, and the suckers who play at them are of the same tint up to a certain stage of the game. After that they turn yellow and yearn for the comforts of home.

Higher education at Berkeley seems to be taking some queer turns and to have some queer explanations.

The Row Over Freight Rates.

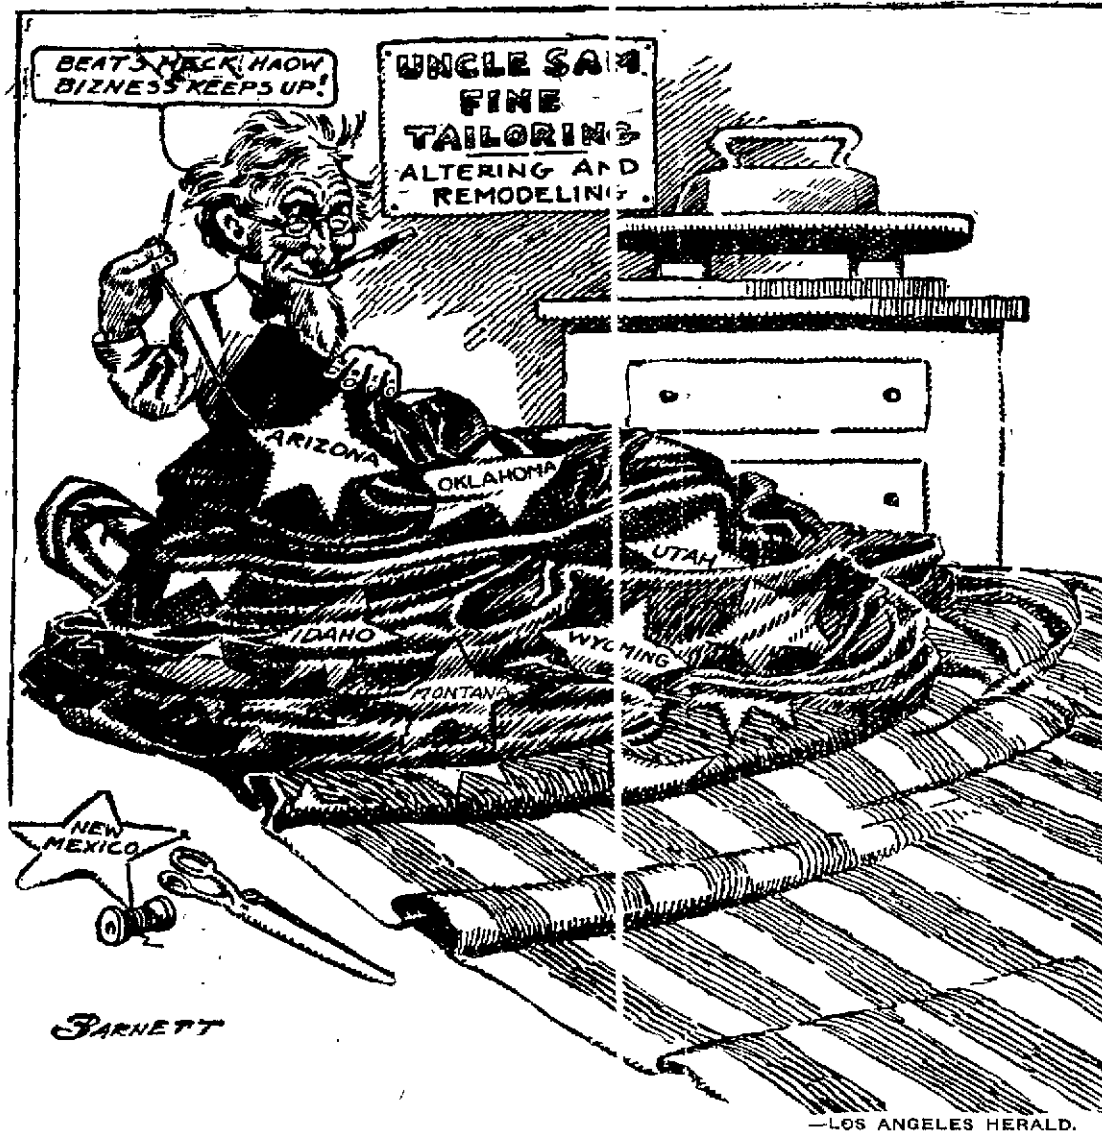

The shippers and jobbers of San Francisco are united in demanding reduced freight rates, but when it comes to figuring out where and how the cuts shall be made they part company. Los Angeles wants rates reduced between that city and San Joaquin Valley points, claiming that the present rates give San Francisco a trade advantage. San Francisco contends that the present rates favor Los Angeles at the expense of the bay cities. Each city wants a rate adjustment for local advantage. For instance, the San Francisco Examiner says:

"The effort of the Los Angeles jobbers to get reduced rates into the San Joaquin valley is an attempt to get by judicial or semi-judicial order the advantages that city has been denied by nature."

"Everybody knows that it costs more to haul goods over a mountain than along a level road. Everybody knows that heavier costs of maintenance must be charged against freights that are hauled over desert than over a road through a thickly settled territory that furnishes abundance of local business."

Per contra, the Los Angeles Herald heatedly argues in a two-column editorial that Los Angeles is being plundered by a rate schedule devised to give San Francisco an advantage. These contradictory statements disclose the difficulty of making a rate schedule that will be both fair and generally satisfactory. Opposing interests are seeking local and personal advantage under guise of demanding lower and more equitable rates. Los Angeles has little reason to complain of existing conditions, for the jobbers and wholesalers of that city have managed to successfully invade San Francisco's trade territory while San Francisco has not been able to invade Los Angeles territory. The rates from Los Angeles to Bakersfield, the trade center of the oil region, are distinctly favorable to Los Angeles, which has been able to carry her trade across the Mojave desert and the Tehachap range to within 200 miles of San Francisco. Yet that city demands further rate advantages. Both the contending factions are charging the railroads with injustice and extortion, but when the grounds of their complaints are set forth it is seen that trade rivalry is at the bottom of the matter.

THE MERRY TAILOR

Editorial Paragraphs

FAULTS in self look LITTLE, but we easily magnify these same faults into BIG VICES in others—make them look like mountains.

KEEP a stiff upper lip, have COURAGE and HOP, add the sweat of your brow and you have the right "dope"—for success.

AN "honest dollar" does most good; most "money talks" excepting when it becomes the SILENT PARTNER in graft.

BE fair in your judgment and dealings with others and you will make FRIENDS of FOES and all men your brother.

MISTAKES will happen with all men—so human—but the DIVINITY within shapes our ends toward forgiveness.

GIVE more if you would have more; SPEND less and you will want less; KEEP all and you will lose everything.

FEAR to meet your MISTAKES face to face and you will FAIL to follow the lessons taught—you will fall flat in your efforts to get up.

SEE the SORROW that others carry and DIVIDE the load; JOY is a jolly fellow who jumps to your side whenever you would help another.

MAN FALLS only from false rising; he SLIPS quickest when he has no ground to stand on; the pinching shoes are of his wearers' own choosing.

BOOSTING business with a shower of talk makes customers run to cover, and makes your business build up slower.

MONEY makes some of our troubles; it's hard to borrow and hard to keep.

Old-Time Beliefs in Elixir of Youth

"From a cold in the head to a cancer I can prevent or cure them all!" says the famous Dr. Doyen, speaking of his new and marvelous medicine, he says, is composed of extracts from natural ferments.

Has he found what thousands of alchemists and chemists have been seeking for more than 2000 years?

Unhappily, the thousand failures of the past have shaken our confidence, and even if Dr. Doyen's remedy is all that he claims for it, years must elapse before the world at large recognizes its virtues.

Egypt was the birthplace of elixirs of life, and the Alexandrian monks published so many books upon the subject, and upon the possibility of making gold artificially, that the Emperor Diocletian lost patience and ordered all the volumes to be collected and burned.

Next, the Arabs tackled the subject and in the course of their researches made several valuable discoveries, some of which still preserve their ancient Arabic names. These are alcohol, borax and alkali. The word "elixir" is purely Arabic.

The great Roger Bacon, while not believing in all the magical gibberish of the alchemists of his day, yet had faith in the possibilities of a true elixir vitae. His idea was that it should be composed of "aurum potable"—liquid gold; that is, gold dissolved in nitro-hydrochloric acid. His belief is still recalled by the fact that this acid is known today as "aqua regia"—royal water.

Bacon told the Pope of his time—Nicholas IV.—of his theories, and in a story—then universally believed—that an old man of 10 ploughing the field in Sicily turned up a golden phial of yellow liquor, and drinking it, at once was turned into a sturdy youth.

In the fifteenth century, a belief grew up that somewhere in the world existed a fountain, the waters of which would confer perpetual youth. In 1513 the famous Ponce de Leon set out from Porto Rico on a search for this fountain, and, as a result, discovered Florida. Alas! instead of youth the discovery proved his death. He died from the effects of a wound made by the poisoned arrow of a Florida Indian.

To come to later times, Count Matel performed some marvelous cures, and sadly puzzled the world of medicine by "electric" elixirs prepared from the saps of a large number of different trees, including the cedar, laurel, pine, fir, elm, poplar, etc., and from certain shrubs growing on the Apennines, the names of which he kept secret.

A little later, Prof. Loeb made the startling announcement that common salt is the true elixir of life and that it not only keeps the heart in action,

Mayor Mott of Oakland advocates the insertion of a clause in the proposed new charter for his city, providing for the levying of a tax on all property to create an entertainment fund.

This plan will do away with the present troublesome, uncertain and unfair method of raising money by solicitation from the merchants. By it a large fixed sum will be raised annually which the city council will have the power to appropriate to pay for the proper reception of delegates to any large body visiting the city. In a word, it will provide a permanent advertising and entertaining fund.—Sacramento Bee

Bachelor's Musings

Comfort makes a man a lot more satisfied with himself than principles do.

No matter how much a girl loves a man she likes him to think how near she came to marrying a lot of other fellows.

If a man had ten times as much to do as he has his biggest grievance would be that he hadn't enough time to be bad.

but may cause it to beat again after pulsation has ceased. It is curious that the famous "quack," Paracelsus, a great many years ago, gave careful instructions for the preparation of an elixir of salt.

Some eight or nine years ago Dr. Albert Robin, of Paris, prepared a "regenerator" which certainly had remarkable results in certain cases. Its main ingredient was glycerophosphate of lime. It contained, also, sodium, potash and kola nut.

In 1903 came the "adrenalin" discoveries. Adrenalin, an enormously expensive drug, is prepared from glands above the kidneys of animals, and has the property of introducing pressure to the blood. By its aid animals that have been apparently drowned or suffocated have been restored to life; and unlike the majority of so-called elixirs, adrenalin has taken its place in the "Pharmacopoeia," which no elixir has yet proved itself to be a medicine of valuable properties.

It is easy to be punctual for pleasure. Good luck seems to hanker after those that are the most indifferent to it. More heroes are made by sentiment than by common sense. Most happy couples are too busy talking to each other about it to tell the world. When amusements cease to amuse they begin to be wasteful. What old age could teach youth easily, youth takes until old age to learn.

Ruminations

Some who yell the most for the people's rights would have less of them if there were an equitable division.

It is easy to be punctual for pleasure.

Good luck seems to hanker after those that are the most indifferent to it.

More heroes are made by sentiment than by common sense.

Most happy couples are too busy talking to each other about it to tell the world.

When amusements cease to amuse they begin to be wasteful.

What old age could teach youth easily, youth takes until old age to learn.

Twenty Years Ago in Oakland

Enthusiastic members of the American party suggest that George W. Grayson of this city be nominated for Governor by that party.

Among those who will leave the city today on their summer vacations are the following: J. C. Rowell and family, Mr. C. M. Lane, Howard D. Swales, Mrs. E. H. Forrester and daughter, Mrs. John Collins, DeWitt C. Van Court, R. B. Hardy, Miss May Cooper, Ariel Lathrop, J. M. Clement, Mrs. E. L. McClure, Mr. and Mrs. Giles H. Grey, Ed Ferrish, Misses Ruth and Hattie Wilder, Miss S. D. Hodgen, Sumner Hardy, Joseph Hume of Berkeley, T. S. Moser and family of Alameda, Mr. and Mrs. Tom Williams and Harry Whitelaw.

George W. Dean and family, P. J. G. Kenne and family, Wasi Marion and family are enjoying camp life at Boulder Creek, Santa Cruz mountains.

Dr. and Mrs. W. F. Simmons, Mr. and Mrs. Will Seaton, Dr. Frank Simmons, Miss Persia Dahl and Mrs. Gilmore have returned from a camping trip in the vicinity of Santa Cruz.

The following residents of San Leandro are leaving today on summer

visits to various places: Miss Emma Reid, Miss L. Oliver, Mrs. L. J. Jewett, Miss Ray Levy, Mrs. C. A. Woodman, P. Godeaux, Miss Maimie Cleland.

Miss Ida Perkins and O. B. Thomas of Golden Gate were quietly married on the 24th by the Rev. Dr. Horton.

Mr. and Mrs. J. Sachan of San Leandro entertained a number of friends yesterday with a picnic among the cherry orchards and hayfields. Those present were Mr. and Mrs. Cassassa, Mr. and Mrs. Peterson, Miss Esther Bayly, Miss M. E. McGowan, Miss F. Klatte, Miss A. Eagan, Miss L. Skelton, Miss M. Holmes, Miss A. O'Brien, Miss Schumacher, Messrs. F. and H. Schumacher, M. Owens, J. Murphy, C. Loring, J. Burgess and C. Cassassa.

The salary of the postmaster of Alameda was raised yesterday from \$1900 to \$2100.

A Democratic Club was formed last evening in San Leandro for the endorsement of William D. English for Governor. The officers are as follows: J. A. Gallett, J. A. Quinn, T. J. Gill, D. Ury.

Hayward Lodge of Workmen elected the following officers last evening: Carl Mohr, J. W. Merle, Dr. A. R. Pennington, John Pann, H. L. Feddersen, George Ren.

The following officers have been elected by the Ancient Order of Foresters: E. M. Lipka, Frank Jacobs, Eli Schwartzbaum, George Bartlett, J. C. Alexander, T. J. Tierney, A. Davis, M. Cohn, A. Davis and C. Tripp.

Mother at 126; Baby Is 91

"If you have any doubt as to the healthfulness of Bulgaria and the sturdiness of its people, look at this picture." This message was inscribed on a picture postcard received a few days ago from Pavelko, a little village in that country. The picture above shows a peasant woman standing at a rustic hedge, spinning flax by the most ancient method, with the fiber held over her shoulder by a forked branch. Behind the woman stands a stout man of more than the average height, wearing a full gray beard. Under the picture is the legend: "Baba Vasilka, 126 years old, and her baby boy, Todor, who is now 91 years old. They have always lived in Pavelko."

"Dispatches received here from Moscow, Russia, say that an old man has been discovered who says he witnessed the triumphal entrance of Napoleon I into Moscow at the head of his army in 1812," writes the Paris correspondent of The Daily News.

The gray-beard's name is given as Kniaz-koff, and he is said to be 109 years old. As he was found to be in full possession of all his faculties, he has been hailed before the officials of the war department, it is reported, to describe verbally the circumstances of Napoleon's invasion.

Charles Pratt of Ryle, England, has just celebrated his 101st birthday. He was born at Hambledon, Hampshire. He is still full of bodily vigor, and at times may be seen busy with the spade in his garden. His mental faculties remain unimpaired.—Chicago News.

Humorous Snapshots

ROSES.

INCREASED COST OF LIVING DUE TO BANKS

Additional Financial Facilities Enable Farmers to Obtain Higher Prices.

SENATE COMMITTEE IS PRIMED WITH FACTS

Wages Do Not Keep Pace With General Prosperity of Producers.

WASHINGTON, June 24.—The report of the Senate committee on the increase of the cost of living is being submitted to the Senate by the chairman, and that the tariff has not been responsible for the higher prices.

The Democratic members of the committee do not agree with the majority and the minority Senators will submit a report setting out their views.

The figures on which the Senate committee's report is based have been compiled from measuring the prices of 257 articles enumerated in the price index number of Bureau of Labor and comparing the cost for each year from 1900 to 1910.

One of the causes of the increase of cost of living as it directly affects the prices of food stuffs is found by the committee to be the increased number of small banks with corresponding banking capital in the farming communities of the West. This has enabled the farmers to hold at home their crop when prices are unsatisfactory and by diminishing the supply available for consumption they have caused higher prices.

CRITICIZES FORESTRY ADMINISTRATION

The majority report criticizes the manner in which the forests have been handled and points out that the limitation of the supply of lumber and other products in the localities where they are transported has been a factor in the increase of the cost of living.

The increase in wages is shown to have been 34.4 in proportion during the ten year period considered, thus the increase in the cost of living.

Concerning retail prices the report shows that in the United States in the spring of 1910 they were at the highest point in many years. As compared with the spring of 1900 prices for bacon were more than 10 cents higher than 83 per cent higher flour about a per cent higher butter about 15 per cent higher, sugar about 22 per cent higher and eggs 100 per cent higher.

CAUSES OF INCREASED COST MANY.

The majority of the committee found that of the causes contributing to the advance in prices the following were most marked: Increased demand for farm products and food shifting a population from food producing to food-consuming occupations and localities; immigration to food-consuming localities; reduced fertility of land resulting in lower average production or in increased expenditures for fertilizers; increasing banking facilities in agricultural sections which enabled farmers to hold their crops and market them to the best advantage (it was found that this not only enabled them to hold but had a tendency to increase their reduced supply); movement to transportation facilities of such commodities as timber and sugar; plants which result in preventing extensive fluctuations of prices of certain commodities with the season but by enabling the wholesalers to buy and sell at the best possible advantage, tend to advance prices; increased cost of distribution; industrial combination; organization of producers or of dealers; increasing money supply; over-inflation; higher standard of living.

If you are not satisfied after using according to directions two-thirds of a bottle of Chamberlain's Stomach and Liver Tablets, you can have your money back. The tablets cleanse and invigorate the stomach, improve the digestion, regulate the bowels and give you a trial and get well. Sold by Druggists, Dealers and Grocers.

Murders Sweetheart In a Petty Quarrel

CUMBERLAND, Mo., June 23.—Harry C. Noland, arrested on suspicion of having murdered Miss Alice Brown Linton, whose body was found in the woods here, South Cumberland yesterday with her throat cut, confessed to the murder to police authorities yesterday.

Noland said he and the young woman quarreled over another girl, growing friends. Alice had claimed to be engaged to him and he had threatened to strike her with rocks. He choked her and threw her to the ground, drew his knife and cut her throat twice and died.

THE SOUND SLEEP OF GOOD HEALTH

Is Not For Those Who Suffer From Kidney and Bladder Ailments

Sound and plenty of it, is one of the greatest necessities of health. Any ailment that prevents natural sleep must be cured, or you will lose your strength, your vigor, your ability to do your work easily and naturally and your interest in your family and friends.

Kidney diseases and irregularities of bladder and urinary organs are a sure source of sleeplessness and must be cured if your health is to be undisturbed and your life in health.

Foley Kidney Pills

Give first a quick relief and then a permanent benefit for these troubles. They are very carefully compounded out of ingredients specially selected for the cure of all disorders of the kidneys and urinary organs and they are besides strengthening healing and antiseptic and tonic in quality and action. If you have aching pains over your hips and in your back, with a soreness through your kidneys, if you are compelled to get up many times during the night, thus losing your sleep, and if you have a painful and burning sensation, then you need Foley Kidney Pills. If there is a cloudy or milky voiding, with floating particles or a brick-dust sediment or if there is a sand-like substance passed, then you need Foley Kidney Pills. If you are nervous have dizzy spells, especially in the morning, with specks before the eyes, then do not delay longer. All these symptoms show a disordered state of the kidneys and bladder, which must be cured before you can regain health and strength.

Do You Know Why You Have These Ills? Because the kidneys, whose only

OAKLAND Hale's 98c Women's Waists, 30 Different Styles in a Strong Line, of Fine Linen, Lawn, Lingerie or Percale

Remarkable Assortment at a Low Price

These waists at 98c comprise one of the finest assortments at this price that we have offered this year. There are about thirty different styles in all, affording a wide variety.
The materials are Irish linen, lawn, lingerie and some colored percales.
The styles range from plain tailored to waists with elaborate embroidery fronts, some with medallions, lace yokes, long sleeves with lace trimmings, low necks, V-shape necks, high necks and long or short sleeves.

New Linen One-piece Dresses or Suits at \$5 each

A new lot of very good all-linen one-piece dresses and linen suits have arrived and are offered at \$5.00 each. The dresses are of pure natural linen; some are sailor styles, button down the side, plaited skirts. Other styles have braided yokes, finished with tiny tucks, piped with rose and button in back. A third style has panel front, trimmed with braid and buttons, skirts with plaited flounce.
The suits are semi-fitting, with plaited skirts, coat is 33 inches long, and has pearl buttons.

"Hale" Brand Underwear Means Finest Garments at 50c each

"Hale" brand underwear is made especially for Hale's, and presents the highest qualities of the manufacturer's art combined with a minimum selling price of 50c the garment.
Union suits, similar styles, extra wide bottoms, lace trimmed.

Vests are high neck, long or short sleeves or low neck, no sleeves. Prettily trimmed with hand-crocheted silk.
Pants and tights to match, ankle or knee length, or umbrella style. Trimmed with 2-inch torchon lace, and have French band.

Bathing Suits, a Sample Line of Splendid Styles Offered Far Underpriced \$1.75 to \$8

In purchasing a bathing suit there are many points to consider. The quality of material, the style, the general effect—all these contribute to the impression that your suit makes.
Hale's has just received a line of suits that satisfies every demand in point of style and wear, and we offer these beginning Saturday morning.

Drummers' samples; suits of the highest order of make. A fortunate buy allows us to offer these fine qualities at such low prices. They come in children's sizes from 2 years up and in all sizes for women. The materials are cotton and wool alpaca and very fine quality silk. See them Saturday morning in our basement.

Men: Study These Values For Unusual Merit

Men's Leather and Suspender Variety of patterns in either heavy or light webbing. Strongly made all have cast-off end, regular 25c value for 19c a pair.

Men's Cotton Mesh Underwear, in natural color or One of the most delightful and best wearing summer garments made. A full line of sizes 40c a garment.

Men's Pure Linen Handkerchiefs, soft finish, neatly hemstitched one-half or one-quarter inch hem, full size, an exceptional value at 11c each.
Men's Twilled Muslin Night Shirts, plain white, with collar, Cut very large through body, and full 51 inches long. All seams double stitched. An extraordinary value. Sizes 1 to 19 inclusive. Price 60c each.

Fine Summer Wash Goods

Zephyr Ginghams—A complete assortment of the newest colorings in stripes and plaids. These are known as mill-ends and are good qualities at a low price. 22 inches wide, 14c a yard.

Figured Duck—Plain colors with neat colored figures. Makes splendid tub suits for summer, and is a quality we can highly recommend. 29 inches wide, 9c a yard.

Odd Window Shades in Hale's Curtain Shop

Hale's offers a big opportunity to get good window shades cheap. We have marked an odd lot of shades very low, which means that you can buy shades from 25 inches to 4 feet wide, different lengths, in different colors, from 20c to 50c. Worth regularly from 75c to \$1.50.

Straw Hats FOR THE Little Man 50c

Here are the hats for the little man! Visit our basement Saturday morning and see these splendid straw hats in the Jack Tar and sailor styles. So attractive, so little danger of breaking. Ribbon bands of pink blue, white, brown, tan red and black. Ribbon-bound edges to match band. Also straw hats with the popular black patent leather crowns, in the Jack Tar style.

Women's Very Fine Muslin Underskirts at \$2.45

These underskirts are of very good quality muslin, embroidered or trimmed with dainty Valenciennes, torchon or clunio lace. Many have deep flouncings. A very wide range of pretty patterns.

Children's and Infants' Fine White Dresses

These children's long or short white dresses are very fine values, and are low priced. They range up to 5 years. Come in French or Mother Hubbard styles, dainty trimmed with lace or embroidery. Mothers will appreciate the sheer beauty of these dresses. Prices from 50c to \$7.50.

Brands Charges Work Of Political Enemies

SANTA BARBARA, June 24.—What is termed by Mayor Clio L. Lloyd as the work of disgruntled politicians to oust him from office is the recent effort to discredit his administration by filing charges against him in the Supreme Court accusing him of neglecting to close the resorts in the red light district.
The first effort was the circulation of a recall petition which met with failure through the parties not being able to secure sufficient signatures. This recent attempt being taken into the courts will meet with spirited opposition according to the Mayor.

FAILS TO GIVE AID; AUTOIST IS FINED

Punished for Not Stopping to Investigate Runaway Caused by His Machine.

CHICO, June 24.—Arrested under that section of the California penal code making it a misdemeanor for the driver of a motor vehicle to fail to stop and render assistance after damaging the property or person of another, E. G. Hill was yesterday found guilty in the local court before Judge Anderson and fined \$20 and costs.

FRIGHTENED HORSES.

Hill was arrested Wednesday after a horse frightened by his machine was so badly injured that it had to be shot. No claim was made that his car had struck the animal. The sounding of the horn as he passed a four horse team driven by Dick Stevens on the Willow road frightened the animals and they ran away, dashing into a telegraph pole with such force as to break the back of one of the beasts.

FAILED TO STOP

Hill admitted that he did not stop, but said that this was because he saw three men trying to assist the fallen horse and he thought it unnecessary for him to assist.
He denied having sounded the horn more than enough to warn the driver of his approach but two witnesses asserted that he kept up a constant warning for possibly 200 yards, beginning before he reached the wagon and keeping up the noise after he had passed.

SAN LEANDRO AIDS HAYWARD FIESTA

Will Have Big Representation in Elaborate Fourth of July Celebration.

SAN LEANDRO, June 24.—The committee of 100 that has been appointed to take charge of the program for the representation of San Leandro in the big parade at Hayward on the Fourth of July is making extensive plans for the occasion, and many

ORIGINAL FEATURES ARE BEING PREPARED

Praternal organizations will be represented by large delegations, and many are now having floats constructed for the procession. A special feature which the San Leandro Boosters are planning is a section of the parade in which 163

PREPARATIONS IN HAYWARD.

Hayward is making active preparations to entertain many visitors during the celebration. The business houses will commence decorating tomorrow and work has already started on the conversion of the various halls, clubrooms and church auditoriums into temporary restaurants where the hungry thousands can be fed on the Fourth.

THE OAKLAND TRACTION COMPANY HAS AGREED TO SEND TRAINS

to Hayward every ten minutes July 4. The celebration will be the official Alameda county one, as Oakland has abandoned plans for a separate celebration.

BIRMINGHAM SHOOTINGS DECLARED SUICIDES

BIRMINGHAM, A. A., June 24.—Colonel Basher, after a preliminary investigation today into the shootings by which Mrs. W. P. G. Harding, wife of the president of the First National Bank, and Guy John son, former vice president of the Alabama Consolidated Coal and Iron Company, who killed themselves Wednesday, decided that it was clearly a case of suicide in each instance.

STUDIED JAPAN AT CLOSE RANGE

Prof. Frederick Starr Returns; Lived as Little Brown Men.

CHICAGO, June 21.—Professor Frederick Starr, anthropologist of the University of Chicago, has returned after spending eight months studying the religious conditions of the Japanese people. He left this country ten months ago. "For eight months I dressed as a Japanese," said Prof. Starr, "and thus I had better facilities for observing things than ever before. I was practically one of the Japanese." His photographer, Manuel Gonzalez, also assumed native dress. Prof. Starr made many moving picture films and obtained also 350 negatives of the ordinary kind. He made Tokyo his headquarters. Thence he went to the southern islands of Japan. He spent much time with the Ainu, the original natives of that country, who were driven out of their former homes by a more warlike people. "A most interesting custom among the Ainu," said Prof. Starr, "is the bear sacrifice. By them the bear is considered a deity. They rear an animal reverently from a cub. When it is about five years old they sacrifice the bear by strangling it, as they do not believe in blood sacrifice."

Latest Business Block Improvement on Clay Street

How the C. J. Heeseman Block Now Under Construction on Clay and Thirteenth Streets Will Look When Finished.—O'Brien & Werner, Architects.

The above illustration shows the Clay-street elevation of the building which is being erected for C. J. Heeseman by Peter J. Walker. It is materially different in appearance from the plans as originally adopted and is more in accord with the Taft & Penroyer block and the building soon to be erected for the H. C. Capwell Company on the opposite side of Clay street. The C. J. Heeseman block will have two frontages, the lot being "L" shaped, one of 113 feet on the west side of Clay street and one of 80 feet facing Thirteenth. The massive steel frame which will support the upper floors is now being erected. The building is to be ready for occupancy before the first of January. Before a pick was struck in the ground for the excavation of the big pit constituting the basement it had been leased at a good rental for a term of ten years to the Jackson Furniture Company. The handsome structure, which has been designed by Architects O'Brien & Werner will cost Heeseman approximately \$150,000.

POETRY IN WILL OF OLD VETERAN

Albert F. Abbott Leaves Collection of Pistols to Oakland's Museum.

"When I'm dead, none will grieve after me. For I'll be better off, we all can see, And the sorrow I have had, that riddle will be lost in Eternity."

Thus did Albert F. Abbott, veteran of the Civil War and his last will and testament, filed with the county clerk today. Medals, relics and rare collection of pistols that the old man had taken a great delight in collecting during his war years are, according to the will, left to the city of Oakland, to be placed in the municipal museum, when it is completed at Fourteenth and Oak streets. The estate left by the old veteran amounts to almost \$5000. Including insurance policies for \$3000. The sum of \$1000 is given to his son, Everett Wallace Abbott, and the balance of the property to his widow, Mary Elmina Abbott.

OAKLAND RESIDENT CONFESSES THEFT

Warrant Sworn Out for Hans Kleinlein; Surrenders in New York.

SAN FRANCISCO, June 24.—Just as a warrant was sworn to in this city today charging Hans Kleinlein, a resident of Oakland, cashier and bookkeeper for the Hamburg-American line, with "clerical embezzlement," the accused surrendered himself and confessed at the New York office of the company. He will probably be brought here for trial. Kleinlein left the local headquarters at 160 Powell street, some weeks ago, on a vacation. Later Manager Hans Dorgelo discovered discrepancies which it is believed will reach several thousands of dollars, and experts were put on the case. Today the New York office was communicated with and informed of the situation, and word came back that Kleinlein had made his vacation trip in that direction and had confessed to the head of the company in this country. The warrant against him today charges he stealing of \$1190.26. He is married and has a child, but his address in Oakland could not be ascertained.

Former Banker Given A Prison Sentence

BINGHAMTON, June 24.—Charles Knapp, one of the firm of Knapp, Brothers, private bankers of Deposit, N. Y., which failed over a year ago, was today convicted of receiving a deposit on the day before the bank failed, knowing that the bank was insolvent. He was sentenced to not less than fifteen months nor more than two years in prison.

Permit Is Granted For Beautiful Home

A permit for a large residence was granted by the building inspector this morning to Arthur Brown. The permit is for a two-story frame structure to cost \$12,500, and will be erected this summer at Vernon and Perkins streets. The residence is one of unusual design, the architect is Blackwell & Co., having expended much time in looking out an ideal plan for the home. Charles L. T. Cox is the contractor.

DESTISTS CONTINUE CLINICS

SAN FRANCISCO, June 24.—With volunteers acting as subjects, the State Dental Association today continued its clinics. Most of the day was spent in the demonstrations and tonight will be given over by the delegates to receptions and theater parties.

Cloudburst Drowns Hundreds of Goats

EL PASO, June 24.—A cloudburst, followed by a bad storm, last night on the Sacramento river, drowned hundreds of goats and inflicted heavy damage on fruit and vegetation.

\$17,000,000 Estate Goes to Wilbur Family

BETHLEHEM, Pa., June 24.—According to the will of the late Elsie F. Wilbur, financier and one of the Lehigh Valley Railroad, an estate of \$17,000,000 is bequeathed to his family. So far as is known, there was no gift to a public or charitable institution.

Railroad Man's Funeral Is Arranged by Lodge

The funeral of F. L. Costello, a member of the E. C. Fellows lodge, No. 143, B. L. F. and E., will be held tomorrow morning at 9 o'clock from 1912 Twelfth street and the body, accompanied by a large delegation of railroad men, will be shipped to Lathrop for interment, near which place his parents live. Costello died yesterday in the Southern Pacific hospital in San Francisco of equal pneumonia, having suffered for some time. He was 22 years of age and during his residence in this city made a host of friends among the employees of the railroad, being one of the most popular of the younger members of the trainmen's organization.

Why it pays to buy a good piano

In buying a piano it is wise to buy the best you can afford. This is not extravagance, but economy, for aside from the satisfaction of playing on a good piano, there is the consideration of its value after some years of use.

A good piano is always worth a fair price—cash or in trade—but a cheap one is "junk" a year or two after it leaves the salesroom.

Every make we represent is the best at its price, and each piano is fully guaranteed.

Newspapermen Given Feast at College Inn

In the pretty dining room of the College Inn, twenty-five newspaper men at Oakland assembled for dinner Wednesday evening as the guests of Frank Meyers and Will Fisher, the two genial proprietors. An elaborate spread had been prepared for them and several hours were whittled away, with the telling of stories and the musical program rendered by the corps of entertainers. The College Inn, formerly known as Newman, was purchased by Meyers & Fisher several weeks ago. Under the new management a number of improvements were made, including the tearing away of the balcony boxes, which gives the place an open, airy and pleasant atmosphere.

PAINFULLY BURNS HAND.

J. Clark, a machinist, living at 2533 Telegraph avenue, painfully burned his right hand this morning while cleaning his automobile. The burns were dressed at the Receiving Hospital. They are of a serious character and will make the use of the injured member impossible for some time.

Partnership Dissolution SHOE SALE

This is the best thing that ever happened for the shoe buyers of Oakland, this dissolution of partnership in the DeLancey, Espejo Company's Shoe Store, for it gives the public an opportunity to buy their summer vacation shoe supply at a much smaller cost than it could be purchased if this dissolution of partnership had not forced us to put on this extraordinary Shoe Sale to meet the immediate pressing demand for cash to pay for the one-third interest formerly owned by Mr. DeLancey. It's one of those genuine, bona fide shoe sales, and the prices are reduced so low on shoes in every department of our great stock that every purchaser wonders how we can sell good shoes so cheaply.

The Park Shoe Company Continues the Business After This Sale

but until sufficient money is raised to meet the immediate demand the buzz-saw will be kept busy cutting the prices, shaving off all the profits and in many instances cutting deep gashes in the manufacturer's cost. You can't afford to miss this chance to buy shoes at these prices.

\$5 Men's SHOES	LADIES' SHOES	BOYS' SHOES	LADIES' OXFORDS	MISSES' SHOES AND OXFORDS.

Find Arizona Jurist Dead in Hotel Room

LOS ANGELES, June 24.—Although Judge Morris Johnson, Cochran, United States Land Commissioner at the new town of Parker, Ariz., a federal jurist widely known throughout the mining regions of the West and Alaska, was found dead in his room at a local hotel Tuesday, the fact did not gain publicity until yesterday. Death was due to heart trouble. Mrs. Cochran arrived yesterday from Arizona and she says she cannot account for the delay in notifying her of her husband's death.

Judge Cochran was 56 years old and had held many important positions of trust, among them being United States Commissioner for Alaska and Nome.

Insurance Man Warns Against Fireworks

SACRAMENTO, June 24.—Edward J. Toms, representing the board of underwriters of the Pacific Coast of San Francisco, called upon Mayor Beard and several members of the city trustees yesterday and recommended the passage of an ordinance prohibiting the sale of fireworks of all kinds in the city. He indicated that if this was not done the city would have to shoulder the responsibility. He did not say that insurance rates would be increased if the ordinance was not passed, but he left that impression.

HOWARD TO HAVE HATCHERY.
HAWARD, June 24.—At the last meeting of the Business Men's club of this place Fred E. Adams was elected secretary of the organization to fill the vacancy caused by the resignation of Victor A. Grave. A large number of applications for membership were received.

REPUBLICAN CLUB HOLDS BIG RALLY

Anderson Is Indorsed for Governor at Enthusiastic Gathering.

The Alameda County Republican Club held a high jinx and smoker at Castle hall last evening, 250 members of the recently organized body being in attendance. An invitation to all the candidates of the Republican ticket to be present was issued and among those who responded were Supervisor Joseph Kelly, Louis Schaffer, J. F. Garrison, candidate for County Auditor, Frank W. Leavitt, State Senator, District, Frank Barnard, Sheriff, County Surveyor Baldwin, and a number of others.

Short impromptu talks by the aspirants for office were the order of the evening. P. F. Roller, president of the club, presided. In a short address before the body he touched on the recent endorsement of Alden Anderson for Governor by the organization, and citing the candidate's claims to public support pointed to his past high record both as Bank Commissioner and as Lieutenant Governor under George C. Purdie.

ANDERSON IS INDORSED.
Cue pipes with tiny Republican banners waving from the stems were worn and following the regular program refreshments and a light buffet luncheon was served. The tenor of the meeting was enthusiastic in the extreme and pledges of support for Anderson in the campaign now open were varied and expressed on every side.

BRIDGE IS INDORSED.
METROSE, June 24.—One of the most enthusiastic political meetings during the present campaign was held under the auspices of the Bridge-Hans Republican Club of Metcrose last night. The hall was packed with a large audience, who loudly cheered George C. Hans in his opening speech of the evening. Hans told of his policy and his affiliation with the Republican party. Supervisor W. B. Bridges followed and was loudly applauded. Other speakers were William Allen, candidate to succeed himself as constable, and Paul W. Wuthe, candidate for Justice of the Peace. The club meets every Thursday night at 5011 East Fourteenth street and has a large membership.

ADAMS SUCCEEDS GRAVES.
HAWARD, June 24.—The Sycamore Lodge of Odd Fellows has elected the following officers for the coming year: Noble grand, E. J. Lysell; vice-grand, George Anderson; recording secretary, J. S. Laidlaw; financial secretary, S. Madison; treasurer, W. Z. Smith.

ATLANTIC FLIGHT A DREAM, SAYS AVIATOR

De Lesseps Doubts Possibility of Crossing the Ocean in Aeroplane.

ARRANGEMENTS ARE MADE FOR MONTHLY MEETING

American Hopes to Establish a Line of Airships Between New York and Chicago.

NEW YORK, June 24.—Count Jacques de Lesseps, the French aviator arrived today on the Deutschland, on his way to Montreal, where he will fly next Saturday under the auspices of the Aeronautic Association of Canada.

"I don't believe in this talk of transatlantic flying," said the Count. "Aviation is thus far only a sport. When it becomes a fact it will be time to consider its commercial possibilities."

The Count will not fly in this country.

MONTREAL AVIATION MEET.

MONTREAL, June 24.—Arrangements are now practically complete for the aviation meet which opens tomorrow. There are now on the coast four Zeppelin machines, a Blériot owned by Jacques Cartier, of Montreal, the Bado machine of the Moodys of Cape Breton and three Blériot machines owned by Count de Lesseps, the French aviator, who crossed the English channel and who will make his first flight on this continent at this meeting.

The meeting is to be held a few miles outside Montreal, at Lakeside. A grand stand a quarter of a mile long has been erected there.

TICKETS FOR AERIAL LINE.

NEW YORK, June 24.—Ticket by the air line between Düsseldorf and Baden, Germany, good only on the Zeppelin dirigible Deutschland, will be placed on sale this week. The Deutschland recently made a remarkable flight from Friedrichshafen to Düsseldorf, a distance of about 200 miles, outdistancing the express train between the same points. This is the first attempt to attempt a regular passenger service.

FIRST NEVADA FLIGHT.

CARSON CITY, Nev., June 24.—At a height of fifty feet, Ivy Baldwin made a flight of a mile in an aeroplane today over the field north of this city. Baldwin's machine is the first heavier-than-air machine that has ever been operated in Nevada. On account of the high altitude the bi-plane in which Baldwin flew carried an extension of wing service and larger propellers than the ordinary types of Curtiss and Farnham machines from which the Baldwin is derived.

AMERICAN AIRSHIP LINE.

MINNEAPOLIS, L. I., June 24.—Count Zeppelin's feat of inaugurating a passenger-carrying airship line may soon be duplicated in the United States if the hopes of Captain Thomas S. Baldwin, who built the United States army dirigible No. 1, are fulfilled. Given the necessary capital Captain Baldwin is confident that a fleet of dirigibles could be put into commission within three months, to travel on a regular schedule between New York and Chicago.

"In spite of Zeppelin's success," said Captain Baldwin, in an interview given today, "I still pin my faith on the non-rigid type. By this I mean the balloon type made of rubber skin. Instead of an aluminum envelope, with many compartments. The bags measuring 150 feet would hold 80,000 cubic feet of hydrogen gas in three compartments.

"Personally, I think it is difficult to make the trip will be the simplest in the world ever built for endurance work. In my opinion, this craft will not be over 150 feet long and will be driven by a 50-horsepower engine.

"With such a ship, I could transport six persons and their baggage from New York to Chicago in thirty hours, and I would be able to navigate in winds up to thirty miles an hour with perfect safety. A craft of this kind could not exceed in cost \$50,000, against the \$500,000, which is the price of a Zeppelin."

CURTIS PLANS FLIGHT.

ST. PAUL, June 24.—The third day of the twin cities automobile and aviation meet promises to be one of the most exciting. Dan Kerscher and Barney Oldfield will try to lower the record for a mile, the latter going after the four-mile circular track record in his 100-hp car, which has broken two world records since the present meet began.

There will be a number of match races in addition to the speed trials. Glenn H. Curtiss is anxious to try for new records in his aeroplane. Atmospheric conditions have been unfavorable for the last two days, but it is hoped he will be able to make a satisfactory flight this afternoon. Curtiss remained in the air for fifteen minutes yesterday.

Married Women May Teach in Sacramento

SACRAMENTO, June 24.—After a stormy session the Sacramento Board of Education last night rescinded its rule against the employment of married women as school teachers. The rule has been in force for two years.

BEGINS NEW DIVORCE SUIT.

ALBURN, June 24.—Dr. E. C. Ralston, Rajotte of Lincoln has instituted a new action here for divorce from Florence Rajotte, who makes her home in Oakland. There is nothing sensational in the new complaint and it is understood an agreement has been reached regarding the distribution of property.

Rajotte began suit a year ago and his wife had it transferred to Alameda county. She filed a crossed complaint and the physician finally dismissed the suit.

20,000 Cloak Makers
Strike in New York

NEW YORK, June 24.—Now York's east side is facing another big strike. Between 15,000 and 20,000 men and women cloakmakers have quit work during the last two days and the union leaders declare that the number will be increased next week to 50,000.

The men and women now out did not wait for the regular strike order which was expected before July 1. The strikers demand shorter hours and 20 per cent increase in wages.

"Golden Rule" Police Chief Is Acquitted

CLEVELAND, Ohio, June 24.—Chief of Police Fred Kohler, known throughout the country as the Golden Rule Chief and lauded by Colonel Roosevelt as the nation's best police executive, was acquitted yesterday of charges of gross immorality and habitual drunkenness by the civil service commission before whom he has been on trial.

An hour after his acquittal he was reinstated as chief by Mayor Baehr, who had suspended him.

MACHINES TO SUPERSUPE WOMEN.
The San Francisco mint closed yesterday for the annual accounting and settlement. With the installation of a number of labor-saving machines at the mint it is stated that thirty-seven women who have been employed in the Federal institution for many years will lose their

S.S.S. CURES OLD SORES

S.S.S. cures Old Sores in the very simplest way. It just goes into the circulation and removes the poisons and impurities which are keeping the place open. Then the sore or ulcer heals because the infected flesh tissues receive nourishment and the healing properties from the blood, instead of irritating, disease-laden germs. Every symptom of an old sore suggests diseased blood. The inflammation, discharge, discolored flesh around the ulcer, and the fact that it resists every form of local treatment, and even returns after being removed by surgical operation, indicates to what a great extent the blood is polluted. S.S.S. removes every trace of poison or infectious matter from the circulation and makes the blood stream pure, rich and healthy. S.S.S. reaches its hereditary taints, and those who are suffering from an old sore, which came without any apparent cause, could not do better than take a course of this great blood medicine to remove the inherited taint. S.S.S. cures old sores for the one simple reason that it purifies the blood. Book on Sores and Ulcers and any medical advice free to all who write. THE S.W. T. SPECIFIC CO., ATLANTA, GA.

ANDERSON FEELS PULSE OF SAN JOAQUIN COUNTY

Spends Day at Stockton and Will Make Week's Tour; Bemiss' Candidacy Said to Have Hidden Political Significance

Alden Anderson sounded his changes in Stockton today, and from all accounts feels sure that San Joaquin county will show more interest in his candidacy than in the past. He arrived at Stockton in the morning, and a large number of his friends gathered to meet him. He was met by the local press, and after a short stay in the city, he will make a tour of the county. He is expected to visit the various towns and cities, and to make a strong appeal for the support of the people. His candidacy is said to have hidden political significance, and it is expected that he will be a strong contender for the office.

ANDERSON CONFIDENT
Anderson declares that he has been well received everywhere, and believes that he will be elected. He is confident that the people of San Joaquin county will support him, and that he will be able to carry out his duties as a representative of the people. He is confident that he will be able to make a strong appeal for the support of the people, and that he will be able to carry out his duties as a representative of the people.

SAN FRANCISCO WILL GET EXPOSITION, SAYS ROLPH

Congressional Recognition of California's Claim Practically Assured, Declares Director

SAN FRANCISCO, June 24.—Panama-Pacific Exposition Director James Rolph returned yesterday with Charles S. Allen from Washington, D. C. They considered the last of the contingent sent from this state with Governor Rolph to the national capital to work for congressional recognition of San Francisco's claim to the site of the international exposition to celebrate the opening of the great inter-oceanic waterway across the Isthmus of Panama.

ENTHUSIASTIC WORKER.
No more earnest and enthusiastic worker for the Panama-Pacific Exposition has figured in the movement for its location at San Francisco than Rolph, and he returns from Washington full of hope and strong in his belief that Congress will at the early part of the short session, which opens in December, take favorable action on the measure before it. Rolph takes an optimistic view of the situation, particularly in view of the fact that the city has pledged itself to increase the exposition fund to \$500,000 and that the early fulfillment of the pledge is already assured.

CONFIDENT OF SUCCESS.
In an interview at the exposition headquarters yesterday, Rolph thus expressed himself: "I feel confident that San Francisco will be recognized as the one international exposition city shortly after the opening of the next session of Congress, but it is very imperative that our citizens continue their determined fight to win and leave no stone unturned between now and next December in raising the \$5,000,000 required by the amended House bill, and continue proving to every Senator and Congressman throughout the United States the advantages of holding the exposition in San Francisco as against any other city in the Union."

MAKES GREAT HEADWAY.
Governor Gillett's committee made great headway toward that end at the session just closing. San Francisco's action in not asking for government aid has certainly created a most favorable impression among the majority of the members of the Senate and House, and it is openly and freely stated that the Government will never make an appropriation to any city other than for a Government building.

FUND NEARLY RAISED.
The fund is now within less than \$1,000,000 of reaching the total \$5,000,000 to which the city is pledged, and the whole campaign which is now in progress is confidently believed will result in the subscription of the amount needed and possibly more.

WOMAN VICTIM OF TRAMP'S ASSAULT
SACRAMENTO, N. Y., June 24.—Posses of farmers are scouring Madison county in search of a tramp who assaulted Mrs. J. A. Stevens yesterday at her home on a farm near Onondaga.

WOMAN MADE VICTIM OF WIRE TAPPER'S WILES
LONG BRANCH, N. J., June 24.—A woman is the latest victim of a gang of thieves who are reported to have been active in this section for the last eight months. In the complaint to the police he gave her name as Grace Brown and he gave her home as Boston, representing that he had been duped out of \$100 in cash by three swindlers.

YOUNG GOULD REPAIRS DISABLED LOCOMOTIVE
PUEBLO, Colo., June 4.—The experience gained by Kingston Gould, eldest son of George Gould, in the railroad business, is in good evidence when the local railroad official to the "Pacifi" Pacific train upon which he is traveling broke down a few miles east of here.

HEIR TO FORTUNE IS FOUND SERVING WORKHOUSE TERM

CHICAGO, June 24.—William Hamilton, who disappeared from his home in Pittsburgh eight months ago and who later fell heir to a fortune, was discovered today as a prisoner in the House of Correction here. The settlement of the estate to which Hamilton is one of the heirs has been delayed while the search for the missing man was being prosecuted. The first trace was found in the records of the municipal court which showed that he was sentenced on May 28 to serve sixty days for disorderly conduct. Mayor Buse will be asked to pardon the prisoner, whose health has been restored and who was much elated at the news of the radical change in his fortune.

EPWORTH LEAGUE PRAISES GILLET

Santa Cruz Conference Commends Prize Fighting and Indorses Governor.

SANTA CRUZ, June 24.—Almost 250 delegates of the Epworth League are assembled at Mount Hermon, near here, in their annual state conference, representing 100 members in California, affiliated with the Methodist Episcopal church. They passed a resolution yesterday condemning prize fighting in general and praising and commending Governor Gillett for his stand in putting the game on the de facto list in this state.

No call this, but they formed the committee on prize fighting, and the governor of Nevada, asking him to do all in his power to stop the Jeffries-Johnson fight at Reno. It follows:

"MOUNT HERMON, June 24.—To His Excellency, D. S. Dickinson, Governor of Nevada, Carson City, Nev.: The Epworth League of the California conference and the Nevada mission of the Methodist Episcopal church, representing over 1000 young people in convention at Mount Hermon, Cal., urgently request your honor to do all in your power under the law to prevent the Jeffries-Johnson prize fight.

"R. H. MARSH, President."

Mount Hermon this year is more popular than ever as a religious resort, and there are already over 600 persons there to enjoy the New England coast. It is a pity that the Jeffries-Johnson prize fight should be held here, and that the people should be tempted to attend it. We are having a fine time here, and we are sure that the people of Nevada will be glad to have the Jeffries-Johnson prize fight held elsewhere.

England Welcomes
500 American Middles

PLYMOUTH, England, June 24.—The American Birthdays, Indiana, Massachusetts, and Iowa, with 500 middle-aged men from the United States, arrived here at 9 o'clock yesterday morning. The young fellows are having their summer practice cruise. The squadron is commanded by Rear Admiral Clark.

The squadron sailed from Hampton Roads on June 9. Instead of following the usual routine of a practice cruise along the New England coast, the vessels steamed for Plymouth, the end of the first leg of the 10,000 mile trip.

The local authorities are planning a round of entertainments for the visitors. The middle-aged men will be given a dinner by the lord mayor of London.

First W. P. Shop
To Be Built in State

SACRAMENTO, June 24.—A local architect yesterday received a contract to erect the first of the Western Pacific shops, the Jeffries shop, which will be used as a machine, airbrake and tire shop. Stake have already been driven and the preliminary work done. The excavating will begin in a day or two. The work is to be rushed.

W. H. Mohr, architect for the Western Pacific, was in this city yesterday going over the plans with the contractor. Contract for erecting various other buildings to comprise the Western Pacific shops will be let as fast as the plans, which are now being drawn, are completed. A tract of land donated by the city to the Western Pacific for its shop is 100 x 400 feet.

Forgiven by One Man,
Accused by Another

SAN FRANCISCO, June 24.—W. F. Adams, accused of passing a fictitious check on Spider Kelly, the local sportsman, succeeded in reaching the latter's tender feelings and obtaining a withdrawal of the charges against him in Judge Weller's court yesterday. He would have escaped with impunity and was about to leave the court when another accused appeared with a case of petty larceny against him. This second victim was not inclined to be lenient, and Judge Weller gave Adams six months in the county jail.

Special Excursion to Yosemite Valley.

On July 7th a special train will leave Oakland Sixteenth street station at 7:30 a. m., arriving at Yosemite Valley 7:30 p. m., en route of the Chautauque Society under the auspices of the Y. M. C. A. The round trip rate will be \$5.05, good for ninety days. For further information see Southern Pacific Company, Broadway and Thirteenth streets.

VICTIM OF DOUBLE SAYS COUNCILMAN

Everhart Denies Fistic Encounter, Declaring Mistake in Identity.

Councilman Everhart is he declares, a victim of mistaken identity. Not a little gossip was caused yesterday by an alleged fistic encounter between the city official and an unknown adversary. Today Everhart denies emphatically that he was on the street at the time the embroglio is said to have taken place, and adds that during the entire day he had no occasion to pass the Blake and Moffitt building at Eighth and Broadway, which is designated as the battle scene.

"It is a case of mistaken identity, pure and simple," declared the councilman today. "I understand the combatant supporters left hand, but I sustained a bruised and blackened eye. The fact that I am absolutely unharmed speaks for itself."

At the time the mill took place, Everhart, according to his own statement, was employed in balancing a set of books at a down-town meat market.

Swedish Evangelist Will Be Here Sunday

Rev. Carl P. Eklund of Chicago, Ill., the "Bible Sunday" among the Swedish people, and his singer, Mr. Hagge, will visit Oakland and San Francisco next Sunday. Rev. Mr. Eklund is considered the greatest living Swedish evangelist. His meetings throughout the last during the last three years have been marked with unusual success. He will stop over in the bay cities for a day only, and Scandinavians in Oakland will have an opportunity to hear him and witness his Sunday evening at the Swedish M. E. church, Thirtieth and Market streets.

Cuts Blood Vessels, At Work in School

MELROSE, June 24.—While working on the addition that is being built at the John C. Fremont High School in this place, Peter Peterson, of 4209 Aqua Vista avenue, saw a deep gash in his left hand, cutting several veins and arteries and losing a quantity of blood before receiving medical attendance. He was treated by Dr. Daniel Crosby of Fruitvale. Peterson is foreman for the contracting firm in charge of the work at the high school.

HURT IN F.L.L.
SAN FRANCISCO, June 23.—A Japanese window cleaner, whose name could not be learned, fell a distance of twenty feet from a sill at

**6000 BAY CITIES FANS
EXPECTED AT BIG FIGHT**

TRIBUNE'S DOUBLE PAGE OF

TRIBUNE'S STAFF IS AT RENO; NOW LOOK FOR THE NEWS

Sid Hester Gets Wise and Calls Off the Langford-Ketchel Bout

**MANY FIGHT FANS
WILL MAKE TRIP
TO NEVADA**

**Demand for Pullmans Taxing
Capacity of Southern Pacific
Emergency Department.**

The Southern Pacific passenger and Pullman Company officials continue to receive many applications for special cars and berth reservations for folk hereabouts who expect to go to Reno to see the fight. Up to last night seventy-six Pullmans had been spoken for. The officials are doing their best to collect this number of standard and tourist sleeping cars at Oakland.

If the demand is greater than the supply it was decided yesterday to run one or more special trains of day coaches and chair cars a week from Sunday. These trains can be started from the Oakland mole that evening, stopping at Sacramento and Truckee for meals. If an appreciable number of fans prefer such trains to avoid the Pullman berth expense, they will be run, even if the outfit of Pullmans for all purposes is greater than the demand. The fight coming on the Fourth of July, when the company always has a great demand all over the state for its passenger equipment for excursion purposes, makes it a serious problem for the officials to collect enough cars for the large travel certain to go to Reno.

The officials see no reason to change their belief that they will get a revenue of about \$100,000 for handling about 6000 passengers to the fight from California alone. The Pullman company stands to make about \$25,000.

The Overland Limited train is to take fans to the contest. This means four daily overland trains each day for those desiring to go to Reno on July 1, 2 and 3. This means many reservations in an aggregate of sixty cars on those trains for the three days. These reservations are being readily taken. Extra cars will be added to all of the trains, if necessary, with the exception of the Overland Limited.

Up to last night the Southern Pacific officials had in sight the following special trains:

- Five from San Francisco and Oakland.
- One from Los Angeles.
- One from Seattle and Portland.
- One from Spokane and neighboring towns.
- One from Denver and surrounding points.
- One special from Birmingham, Ala.
- One from Chicago.
- One from St. Louis.

The company has no definite word regarding a special train from New York, but expects to get word one way or the other about it today.

**RUGBYS ARE WELL
TRAINED FOR
TOMORROW**

**Maoris Will Star California
Athletes Ready for Game
at Ocean Shore Grounds.**

The New Zealand Native Maori Rugby football team is in fine condition for the international football game with the California team at the Ocean Shore grounds, Blythe and Mission streets, San Francisco, on Sunday at 2 p. m. These Maoris have been training regularly and will put up a magnificent game. They are the greatest exponents of the Rugby game in the world. The California team will be finally selected from the following well-known Rugby players:

Forwards: Brown, Agnew, D. J. Miller, Fairchild, Williams, Turner, Miller, Waller, McElhinney, Lane, Hughes.

From the above men can be chosen a team at almost a whim. The game can be played at any time in the field here. Despite the fact that many crack local players are in Oakland, the Maoris, however, are not to be taken cheaply. It is known they are not in the best possible condition, but they are a race of men that require very little training to fit them for such a contest as will be played on Saturday.

TIED WORLD'S BEST.

There are eleven men on this team that held the combined Australian team last year in New Zealand to a tie. This is a wonderful performance, as a combined Australian team is one of the best that can be put together in any part of the world. In the Maori Rugby team defeated the English international team in New Zealand by a point to a goal, and that team of the team to play here were members.

The tickets for the game were put on sale at Spaulding's yesterday.

A STRIKING LIKENESS OF J. J. JEFFRIES AND J. J. CORBETT, SHOWING IMPROVED CONDITION IN THE "HOPE OF THE WHITE RACE."

BIG DEMONSTRATION AT DEPARTURE OF JOHNSON Colored Population Is Out En Masse to Bid Farewell to Their Great Champion of the Ring

There was certainly a gathering of the colored population of San Francisco and Oakland at the Mole last night to bid Jack Johnson good-bye and to wish him luck in his coming bout with Jim Jeffries. As he stepped from his automobile, fully 500 of the fans gave him a cheer, and as he stepped into his chartered Pullman there was another cheer.

It was a wild demonstration, a direct contrast to the gathering which saw Jeffries leave on Tuesday night. Excited admirers of the big black blocked the passage to the car and forced him to shake hands with them before they allowed him to leave.

He was cheered as he went to the car. "Good luck, Jack," "Bring home the bacon," "Don't let him scare you," and others of a similar nature were hurled at him as he stood on the back platform and the train slowly began its journey to Reno.

As the train pulled out of the Mole superstition prevailed among the large crowd of colored people. "Don't look at Jack's team," cried one superstitious man. "It's bad luck if you watch it while I go out of sight." Accordingly nearly every person present looked in the opposite direction.

Billy Delaney, the veteran trainer, accompanied the champion over on the boat, but announced that he would join the camp at Rick's resort on Sunday, July 3d.

JOHNSON MAKES A LITTLE SPEECH.

Johnson made the following statement: "I am leaving San Francisco probably never to return. As I leave I want to state that the people of your city have treated me fairly at all times, and am sorry to leave. Your climate is the finest in the world—one that I don't think can be surpassed. I am truly sorry to leave."

When asked as to the outcome of the fight he said: "Arthur Johnson will still be the heavyweight champion of the world after the battle on Independence Day. I will win. How soon I don't care to state. I have advised all my friends to bet on me and I will bring home the bacon."

The Johnson train left at 8:30. In the party which left with the champion were Mrs. Jack Johnson, Sir Hart and wife, Barney Farcy, Frank Burns, Al Kaufman, Johnny Loftus, Frank Barcardi, R. J. Cusinsky, Dave Mills, George Cotton, Walter Monahan, Frank Sutton, Rawhide Kelly, Sergeant McGee, Harry Hammond and Ernie McNeal. They are scheduled to arrive in the Sagebrush State at 9 o'clock this morning and will repair immediately to Rick de Bernardi's training resort.

A large crowd of fans gathered outside the Seal Rock House yesterday afternoon to get a last view of the champion at work. But they were disappointed, for Johnson announced, when he arrived from town at 3:30 p. m. in an automobile, that he would not work in the afternoon. He immediately went up to his room, where he remained, in his wife and a few friends, discussing the details of the journey to Reno.

Johnson gave out the terms of his agreement with George Little yesterday. The sum paid to the latter was \$16,500, and the diamond pin which Johnson had held for Little was returned. Little paying back the \$1000 which he had borrowed on it.

The champion came at the usual hour yesterday morning and went for eight miles on the road. Rawhide Kelly is the latest addition to the Johnson menage. The champion announced in the afternoon that Kelly would be one of his staff. Later Kelly said that he was going up on the same train, but not as connected with Johnson's camp in any way.

**Jeff Works in Gym
And Wind Is All Right**

Reno, June 24.—Jim Jeffries battled in his usual form the first day at his training camp. He disappointed the big crowd which made the pilgrimage out to Moana Springs with the expectation of seeing him box. The word was not officially passed out that he would, but at that, everybody in Reno was quietly told that the former champion would go through eight or ten rounds with Armstrong and Choyne and Corbett, so it had a little of a blue down at Moana all.

O'DAY WILL NOT STAGE LANGFORD- KETCHEL FIGHT

Tom O'Day, proprietor of the Mission Club, who announced that he had matched Sam Langford and Stanley Ketchel to fight for him at Reno on the morning of the Fourth of July, called the bout off yesterday at noon. O'Day's explanation for his canceling the fight, made the following statement:

"I have just declared the Langford-Ketchel fight off. Ketchel was to be at my office at 10 a. m. today to post the posters for the fight. Neither Ketchel nor his manager, Wilton Mizner, showed up. I have been making inquiries all morning concerning rumors of Ketchel's disappearance and learned he had been keeping bad hours and neglecting himself in every way. In view of these facts I decided that it would be best to call it off. As Ketchel would not have enough time to condition himself,"

Quite another story is told by Wilton Mizner, manager of Stanley Ketchel. "Why," said Mizner last night, "I called off the fight for the simple reason that I did not think that Ketchel could do himself justice in the limited time in training. O'Day says that Ketchel was dissipating it says what is not true."

Abandoned Arena Is Cause of Clash

SAN FRANCISCO, June 24.—N. J. Brittan, owner of a lot in Mission street upon which he claims part of the abandoned arena erected for the Jeff-Johnson fight, has been placed in court in connection with the fight. Brittan claims that he has a lien on the property, and he wishes to be a party in the suit which he claims the removal of any part of the lumber on his lot.

TEX RICKARD AND SID HESTER IN CLASH

**Nevadan Swings at the Pirate
Promoter in Lobby of
Reno Hotel.**

RENO, June 24.—Tex Rickard and Sid Hester clashed last night in the lobby of the Golden Hotel. The bad blood that has existed between the pair for some time arose to the surface and ended in an exchange of swings.

Hester had written a check for \$100 and asked the hotel clerk to cash it. The hotel proprietor was absent and the clerk declined to cash the check upon his own responsibility. Rickard was standing near and Hester, during the fight, asked him if he would give him \$100 in currency for the bank check. Rickard refused.

"I don't want any money as good with you as with anybody else," asked Hester. "I refuse to cash your check," retorted Rickard.

SWINGS AT HESTER

The argument increased in heat. Hot words were fired back and forth. Rickard suddenly swung his right at Hester and knocked him hat off. Then the pair, realizing that they were creating a scene, left the hotel and went their separate ways.

Promoter Sid Hester confirms the announcement given out by Tom O'Day in San Francisco concerning the calling off of the Langford-Ketchel match. Hester said:

"I am in receipt of authentic information that Ketchel has not been finding proper care of himself and is not now and could not get into proper fighting shape. Further than burden the people of Reno with a match of this sort I have decided to wash my hands of the whole affair and call it off."

"Langford is so far as I know, in fine condition and would enter the ring willingly. As for Ketchel, well, that's another story."

Tex Rickard and the local committee in charge of the building of the arena for the main battle openly fought Hester's project.

They assert that the middleweight match, if staged on or before July 4, is likely to draw patronage from the big fight or at least to cut down the sale of the higher-priced tickets.

At the Jeff-Johnson fight that will bring the visitors to Reno, Rickard said last night, "and it's not right for anybody to try to cut in on us with a rival affair. They can have our arena for their fight the minute Jeffries and Johnson get through with it. I think they ought to be satisfied with that offer."

FIGHTFANS CROWDING INTO RENO, FILLING UP HOTELS

**Indications Point That 6000 Followers
of Boxing Will Go From Bay Cities
to Big Bout**

RENO, June 24.—The hotels are so full already that the clerks and bell-boys have to sleep in the kitchen.

The proprietors of all the gambling joints are digging up the oil wheels and brushing off the cobwebs so they will be in readiness for the vast army of moneyed sports that will flock into this burg on every train that arrives before the big fight.

The hotel keepers and restaurant owners are spending their evenings brushing up on the multiplication tables so they can apply their knowledge of arithmetic to their scale of prices. If things keep on rising they will soon be throwing green peas on the market in Wash street.

Jeff is now settled in his new quarters at Moana Springs, which seems to be a very popular resort in this section of the country. All day the street cars packed crowds of the mad mob but it was a good look at the great fighter about whom all have heard, but whom very few have seen.

The big fellow did not recede the gaze of the curious people, to the surprise of Jim Corbett, Sam Berger and the rest of his mates. He took everything in a cool part and seemed to enjoy the experience as much as any of the on-lookers.

From his actions yesterday afternoon Jeff showed that he will not box before a crowd as the day before when he was likely that he will pick off some unusual hour in which to do the gloves with his opponent's parties.

NOT MISSING A CHANCE.

The war correspondents do not care to miss the chance of seeing the big fighter work and have stationed guards at the arena to warn them when they take the notion to tear off a few rounds with Corbett and Choyne. He is as liable to box at midnight as any other time.

RENO, June 24.—Delay has marked the work of erecting the arena where the Jeff-Johnson argument is to be held July 4. Unless great speed is shown in the construction of the ring and seats, the fight will be disappointing for many ticket holders. At noon yesterday there was not a stick of lumber on the site of the grandstand, and only three men were at work. The delay has been occasioned by a mixup over the purchase of the lumber.

The arena site was donated by Senator Flanagan, a local politician, so the story goes, was put in a bid to the highest bidder at 2 less per thousand than the man who was awarded the contract. This did not suit the contractor, who threatened to sue Rickard with a view to getting the arena built on a different site. Rickard later dejected that the matter had been adjusted and that the lumber would be hauled to the scene today.

WILL RUSH WORK.

James McLaughlin, the San Francisco architect, who says the arena can be erected in eight days if necessary, and that there will be no further delay in the work.

The arena will be octagonal, with an average width of 300 feet. The furthest seat from the ring will be 162 feet. This will give the spectators a better view of the contest than that of the arena which was planned in San Francisco.

Sid Hester declares that the Langford-Ketchel fight has been called off on account of the free a day life, which Ketchel has been living. The match was officially canceled after a long telegraphic correspondence between Hester and Tom O'Day. Hester said that Woodman was willing to go ahead with the match, but that it would not permit any imposition on the public and it at Ketchel was in no condition to go ahead with the fight.

HOTELS ARE FILLED.

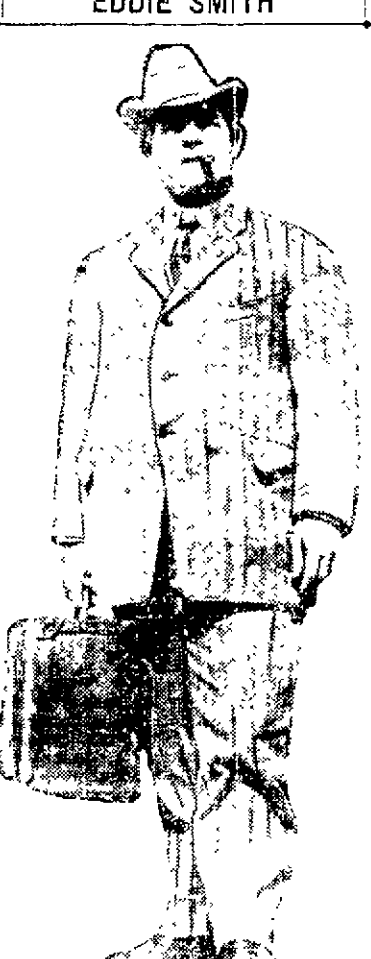

Hotel men in Reno are being taxed to the limit to care for the throngs of guests arriving for the big fight. They are already pouring in and are expected to reach high-water mark before the Fourth. Restaurants are doing a rushing business and are being taxed to feed the throngs of hungry fight fans.

Johnson's quarters at Rick's resort are being prepared. Tom Flanagan is supervising the work.

San Francisco	38	46	.452
Sacramento	26	53	.333

Notes of the Game

That great drama, "Who has the pennant now?" San Francisco is the hero of the hour and the Oaks were falling before that sterling pitcher, Walter Hensling, down in the eighth. The Oaks were leading 2-0 in the seventh, but Hensling, who has been called "The Seal," pitched a masterpiece. He struck out ten batters and gave up only one run. The game was a real thriller, with the Oaks fighting hard to stay on top. But in the end, the Seals' pitching was too much for them.

After the game, the Seals were the talk of the town. Hensling's performance was hailed as one of the best ever seen in the league. The Oaks, on the other hand, were in a state of despair. They had been so close to winning the pennant, but now they were in a hole. The fans were disappointed, but they knew that the Seals were the team to watch. The race for the pennant was now on. Who would win? Only time would tell.

The Seals' victory was a real morale booster. They were now in first place, and the fans were cheering them on. The Oaks, however, were in a state of panic. They had to win the next game to stay in the race. The pressure was on. The fans were watching every move. The game was a real roller coaster ride. The Seals were the ones to watch.

BOOTS AND TIMELY HITTING DEFEAT OAKLAND

Nagle Pitches Well; Is Aided by Team in Ousting Wolverines From Lead.

LOS ANGELES, June 24.—Jack Lively, the ace of the Oakland team, outpitched Walter Hensling, the ace of the Seals, in a game that the Oaks did not much like. The game was a real thriller, with the Oaks fighting hard to stay on top. But in the end, the Seals' pitching was too much for them.

The Oaks' only run was due to a pass, a wild pitch, Cameron's single and Capron's out at first. In the second, Angelo Dillon hit to right and was forced by Murphy, who stole second, and scored on Angelo by Keith and Waring. In the seventh, errors by Christian and Hogan, Roth's double to left and Waring's out scored the other two runs.

EVERYTHING IN THE EYE OF THE PUBLIC NOW IN RENO.

11-INNING GAME IS TAKEN BY THE BEAVERS

Senators Play Very Loose Ball Behind Baum and Result Is a Defeat.

SACRAMENTO, June 24.—Portland took an 11-inning game from Sacramento yesterday by a score of 4 to 3. Loose work on the part of the Senators was the deciding factor in the eleven-inning game. The Senators were playing very loose ball behind Baum and the result was a defeat.

A combination of four singles and a stolen base netted Sacramento but one run in the second. Perry's pass and steal, advancing on Baum's out and Briggs' hit to right, placed the Beavers on top in the second. Baum's error on the third, after hitting the ball over the right field fence in the first inning, Portland advanced on Baum's error. Baum's error on the second with two singles, an error by Darling and a squeeze.

TURF GOSSIP

Owners and trainers who annually race at Turfville, Va., are preparing for the season. The season is now on. The fans are watching every move. The game was a real roller coaster ride. The Seals were the ones to watch.

SAN LEANDRO HAS FAST TEAM IN FIELD

It Looks Like Good Night for Fresno Ball Team

FRESNO, June 24.—At a press meeting tonight of baseball fans a committee was appointed to canvass the league to improve in an effort to raise \$1500 to match the Fresno team. The committee was composed of the following:...

George Gould Enters The Racing Game

PARIS, June 24.—The reported purchase of a stable of racing horses on the part of George Gould, who is now in Paris, is being watched with interest. The amount paid by Mr. Gould was not made public, but it is said to have been several million francs.

Comiskey's Great Ball Park Ready For Grand Opening

CHICAGO, June 24.—The new \$50,000 plant of the Chicago American League Club was practically completed yesterday. It will be a real gem, with a seating capacity of over 35,000. The park is a real masterpiece of architecture. The fans are watching every move. The game was a real roller coaster ride. The Seals were the ones to watch.

Officers Are Elected By Amateur Drivers

At the last meeting of the Park Amateur Drivers' Club, the following officers were elected for the ensuing year: President, J. C. McKiernan; first vice-president, J. C. McKiernan; second vice-president, J. C. McKiernan; secretary, J. C. McKiernan; treasurer, J. C. McKiernan; and so on.

High neck, V and low cut models. Regular \$1.50 values everywhere . . . 98c

INHERITANCE TAX WILL BE FIXED

Court Directs State Insurance Commissioner to Report on Spreckels Estate.

SAN FRANCISCO, June 24.—Superior Judge Coffey yesterday directed the State Insurance Commissioner to compile the inheritance tax in the estate of the late Claus Spreckels, whose sons are now waging a battle for their inheritance. The direction of the court followed an application by Rudolph Spreckels, who asked that the tax be made, and Judge Coffey took occasion to say that he would hold on to the report when it came, and not allow it to be a basis for valuations in connection with his decision regarding the share, if any, to be received by John D. and Adolph Spreckels, whose right to the estate, even since the will has been broken, is questioned by their brothers, Rudolph and Claus A. Jr.

The point in connection with yesterday's application is that the property is valued at only \$10,000,000, whereas, according to the testimony in the recent litigation, Claus Spreckels only gave one-half of his property to John D. and Adolph during his lifetime. This amounted to \$22,000,000, and would leave approximately a like sum. Should it be found later that say \$20,000,000 remained, the State could collect an inheritance tax on that amount; whereas, if they take the present valuation of \$10,000,000, the incident would be closed.

STATE MAY BUILD INEBRIATES HOME

Lunacy Commission Raises the Salaries of Six Hospital Superintendents.

SACRAMENTO, June 24.—The State Lunacy Commission decided yesterday to increase the salaries of the superintendents of the six state hospitals from \$3,000 a year \$4,000. In keeping with the increase given other state officials since the year 1908.

The commission also proposed the creation of a home for inebriates, to be built by the state association funds which are available. This institution would harbor persons severely addicted to liquor and drug habits, who at present are either being kept at large or locked up in insane asylums.

It was also urged that persons mentally unbalanced may obtain admission to the State Insane Asylum provided they pay, upon their own requests and not compulsory court orders.

Nurse Locked in Room With an Insane Man

SAN RAFAEL, June 24.—To be locked in a room for two hours with an insane man was the experience of Miss Marion Gambetta, a young nurse of the San Rafael Cottage hospital Wednesday night.

Week ago Charles McNaughton was hit by an electric train near Kentfield and was being treated at the Cottage hospital. Doctors declare that the man is insane.

Miss Gambetta was placed in charge of two wards of the hospital. She was also a nurse, noticed that the door of McNaughton's room was ajar. Thinking that Miss Gambetta was absent she unlocked the door, then hearing Miss Gambetta's voice she tried to unlock the door again, but it would not yield.

After two hours of futile attempt, during which time Miss Gambetta was doing her best to keep the insane man quiet, Dr. J. H. Kuser happened along with a skeleton key and released the fair prisoner. McNaughton was removed to the city jail.

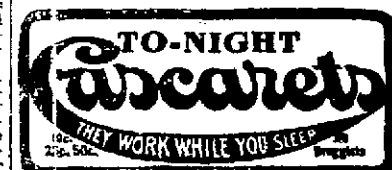

PREFERS ENGLAND TO T. ROOSEVELT

Eugene Zimmerman Will Become British Subject if Teddy Is Elected.

CINCINNATI, June 24.—Eugene Zimmerman, the railroad magnate and father of the Duchess of Manchester, announced at the Hotel Sinton yesterday that he intends to become a subject of King George of Great Britain if Theodore Roosevelt is elected President again. He said:

"If Roosevelt is elected I am going over to England and become a citizen and stay there. If Roosevelt is elected our new President, this country will have taken the first step toward a dictatorship, and when that happens I will prefer a country that is a liberal constitutional monarchy. Roosevelt today is our big national menace."

During the lifetime of the late King Edward it was reported that the King had on several occasions invited the American other-in-law of Manchester, one of his favorite courtiers, to become an Englishman. It was also said that Edward had offered to bestow a baronetcy on Zimmerman.

Cures Seasickness

ACTRESS' SPOUSE USES HIS FISTS

Russell Colt Punches Broker in Hotel and Is Thrown Out Bodily.

NEW YORK, June 24.—Russell Colt, the husband of Ethel Barrymore, had a rough and tumble fight Monday night in the Hotel Knickerbocker. He has not been seen since in the restaurants where he usually can be found. On that evening he had an encounter with an acquaintance and the celebrated conversable waiter-bouncers of the hotel, who took him in charge say he is poetic and cross every time he looks into the restaurant. Colt had an engagement to meet his wife and her brother, Jack Barrymore, in the Ardenorville room. As Colt entered the restaurant he looked about for his wife and brother-in-law. His eye fell on Newton Rae, a curb broker with whom he was slightly acquainted. The two had not talked more than half a minute when Colt drew back his fist and smashed it into Rae's jaw. Rae slid off his chair, clutched at a table and pulled himself to his feet, then swung wildly at Colt.

Just then the throw-out machinery began to work. Colt found himself propelled toward the stairway and was confronted with very reason to take notice that there was nothing to stop him when he reached the long marble stairs. Jack Barrymore slipped in from behind, got him by the coat tails and twisted him away from the apex of the throwing-out organization. Colt recovered his equanimity with his balance, and with his wife and Barrymore went to the table at which the latter had been sitting. He refused to tell them what Rae had said that angered him, and said he guessed Rae would not tell, either.

Found Trace of Son; Loses Him Again

SAN FRANCISCO, June 24.—After being separated since the earthquake and fire from her only son, William Bishop, a lad of fourteen years, Mrs. Maggie Riddle found trace of him only to lose him again and has appealed to the police to aid her in her search. After the conflagration, Mrs. Riddle went to Eureka, and the boy to Adams Springs. Each believed the other dead, but finally young Bishop decided to advertise and sent persons all over the country.

His mother saw one and journeyed to Adams Springs only to find that he had completely disappeared. The experience of sex, turned for a second time into grief and anguish, has caused her to be almost prostrated.

HAYWARD TO HAVE HATCHERY.
HAYWARD, June 24.—Plans are being made for the construction of a poultry hatchery here with a capacity of 20,000. The enterprise will be conducted by A. Hitchford and C. K. Nissen, who will be associated with prominent poultry raisers of Petaluma in the project.

ANNOUNCEMENTS

MODERN HAIR DRESSING

has played havoc with the tresses of the fair sex, and druggists everywhere comment on the fact that they are selling large quantities of sage for making the old-fashioned "sage tea," such as was used by our grandmothers for promoting the growth of their hair and restoring its natural color. The demand for this well-known herb for this purpose has been so great that one manufacturer has taken advantage of the fact, and has placed on the market an ideal "sage tea," containing sulphur, a valuable remedy for dandruff and scalp rashes and irritations. This preparation, which is called Wyeth's Sage and Sulphur, is sold by all leading druggists for 50 cents and \$1 a bottle, or will be sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

For sale and recommended by The Owl Drug Co., 13th and Broadway, 10th and Washington, 16th and San Pablo.

Good Banking Connections

¶ An important adjunct to the success of every business man is good banking connections.
¶ It helps promote prosperity, and in numerous ways proves beneficial.
¶ With this bank the accounts of business men are accorded every convenience—every courtesy—everything that can consistently be extended serving to promote your success. We would like to have YOUR account—and would be pleased to have you call and talk this matter over with us.
